TAX & ACCOUNTING ANNOUNCES LAUNCH OF ENTERPRISE SUITE

Dexter, MI, April 21, 2008—The Tax & Accounting business of Thomson Reuters, formerly Thomson Tax & Accounting, announces the launch of Enterprise Suite—an integrated family of best-in-class tax preparation, engagement, practice management, and document and workflow management solutions developed exclusively for large firms. Enterprise Suite solutions are complimented by a proven and highly successful implementation methodology that leverages industry best practices.

“Tax & Accounting’s Enterprise Suite represents the most comprehensive and sophisticated line of integrated workflow solutions for large firms,” said Adam Kupperman, Senior Director, Enterprise Sales. “While each solution is powerful on its own, the full suite is strategically designed to deliver unprecedented productivity.”

The Enterprise Suite consists of four market-leading applications, including:

- GoSystem Tax ES™—an advanced online tax processing solution.
- GoFileRoom ES™—an integrated and secure online document management, workflow, and scanning solution.
- Engagement ES™—a powerful paperless engagement system that offers trial balance capabilities, extensive compliance features, and advanced workflow management.
- Practice ES™—a comprehensive practice management system that provides real-time staff, client, and firm status delivered via digital dashboards.

“We are excited to bring the Enterprise Suite to market at this time. In the ongoing quest to elevate efficiency, we recognize that firms not only require a robust set of integrated workflow solutions, but they also require a technology partner that can provide personalized service and deliver best practices. Via Enterprise Suite’s exclusive operating model, we are uniquely positioned in the market to meet the needs of enterprise firms,” stated Kupperman.
