Thomson Reuters Fifth Annual Partner Summits Sell Out in Record Time

All Seven Partner Summit locations sell out in 36 minutes.

DEXTER, Mich., March 21, 2012—The Tax & Accounting business of Thomson Reuters has announced selling every seat to its fifth annual Partner Summits in just 36 minutes. The two-day strategic visioning forum is aimed at principals from tax and accounting firms nationwide, and has sold out for its fourth consecutive year. Coming to seven U.S. cities starting May 16, the event will be presented to 40 participants at each location.

Small and intimate by design, the Partner Summits are the most exclusive of the Tax & Accounting Thought Leadership events. They feature individualized instruction on big-picture aspects of firm management from nationally recognized technology and workflow experts, on topics that include adapting to new challenges in the profession and formulating a growth strategy, among others.

Attendees will also receive individualized instruction on best practices and progressive workflow trends in the profession, and will have the opportunity to exchange ideas with other professionals in a small-group setting. At the summit's close, attendees will develop a customized, actionable plan that maps out a path to a more efficient, profitable, and tech-savvy future for their firm.

The 2012 Partner Summit cities and dates are:

May 16-17	San Antonio, TX
May 23-24	Phoenix, AZ
June 13-14	Atlanta, GA
July 25-26	Baltimore, MD
August 1-2	Kansas City, MO
August 22-23	Chicago, IL
September 19-20	New Orleans, LA

"Last year's Summits sold out in just under six hours. This year's sold out in 36 minutes. I really don't know what to expect next year," said Scott Fleszar, vice president of Strategic Marketing for Tax & Accounting, Thomson Reuters. "It has been very exciting to see the continued success of Partner Summits over the years. With only 40 seats for each forum, we can offer a level of individualized attention that really sets the event apart. The Partner Summits offer a broader business perspective on the profession rather than product or compliance training. They're about looking at how to more effectively run a practice, build business, and serve clients."

The Partner Summits will feature presentations from M. Darren Root, CPA.CITP, CEO of RootWorks, as well as Tony Frigo and Therese Witherow, both senior technical trainers with Thomson Reuters. The events will also include fine dining, social events, networking, and more.
