This release addresses an issue where, on some computers, automatic desktop setup would run each time Fixed Assets CS was opened.

Printing reports in UltraTax CS

If you print Fixed Assets CS report profiles in the 2014 UltraTax CS client or preparer collations, and these reports are not appearing in 2014 UltraTax CS clients, please follow the steps below to run desktop setup. These steps need be completed for every workstation that runs Fixed Assets CS.

1. Close all open programs, including non-CS applications.
2. In the Windows taskbar, click Start, and select Run.
3. Enter the command: **X:\WinCSI\DSW\Desktop\Setup**, where X: is the drive letter on which you installed Fixed Assets CS. For example, if you installed the program in F:\WinApps\WinCSI, the command would be F:\WinApps\WinCSI\DSW\Desktop\Setup.
