**TO**

All NetFirm CS™ and NetStaff CS® users.

This user bulletin explains enhancements and changes that are available in this release of NetFirm CS, NetStaff CS, and NetClient CS.®

**ENHANCEMENTS**

**Business organizers**

With the release of UltraTax CS® version 2014.1.0, which will be available on November 20, 2014, firms that are licensed for UltraTax 1120, 1065, 1041, or 990 will be able to send business web organizers to NetClient CS. For more information, see the [UltraTax CS Business Organizer overview](#) topic in the Help & How-To Center.

**eSignatures**

Through UltraTax CS version 2014.1.0 and higher, which will be available on November 20, 2014, firms can request that clients electronically sign engagement letters and consent forms. You'll be able to request that clients electronically sign Forms 8879 with the release of electronic filing for UltraTax 1040 in January of 2015.

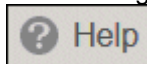

When you request electronic signatures from clients who have NetClient CS portals, we will add the request to the Tasks widgets of their NetClient CS Home Dashboards and to the Messages menu near the top of the screen. We'll remove the task when the user signs the document.
