# Introduction

This walkthrough introduces you to the Staff Management module of Practice CS. After you have completed the walkthrough, you will have a good understanding of how to set up staff management features, monitor and adjust staff workloads and schedules, and administer staff benefits.

---

**Note:** This walkthrough assumes you are familiar with using Practice CS or that you have read chapter 3, Program Overview, in the [Practice CS Getting Started guide](#).

---

---

## Opening the sample database

To perform the exercises in this walkthrough, you will start Practice CS and log in to the sample database as staff member CAT. To log in, follow these steps.

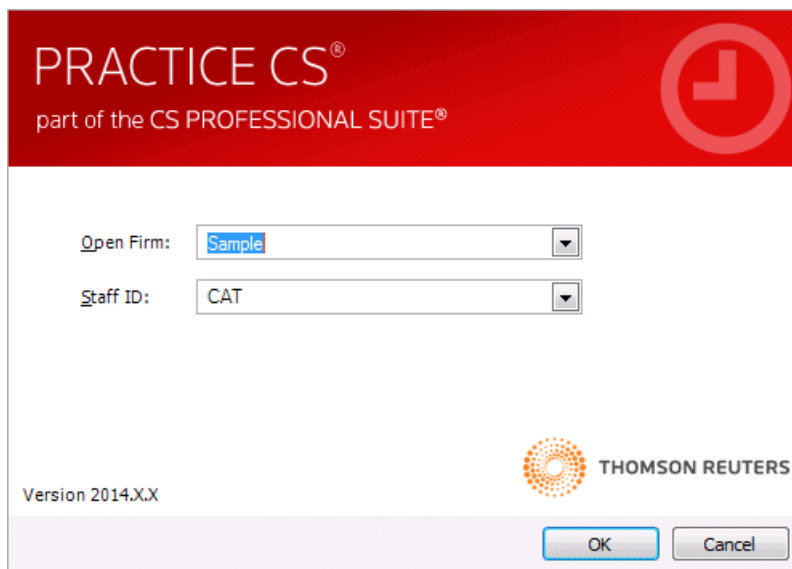

1. Start Practice CS.
2. On the Login dialog, select **Sample** in the *Open Firm* field.
3. In the *Staff ID* field, enter **CAT**.

---

**Note:** If you previously marked the *Remember login information* checkbox, press and hold the SHIFT key as you double-click the Practice CS icon. Continue to hold the SHIFT key until the login dialog appears.

---

4. Click OK.

The image shows a login dialog box for Practice CS. The title bar is red and contains the text "PRACTICE CS®" and "part of the CS PROFESSIONAL SUITE®". Below the title bar, there are two dropdown menus: "Open Firm:" with "Sample" selected, and "Staff ID:" with "CAT" selected. At the bottom left, it says "Version 2014.X.X". At the bottom right, there is a Thomson Reuters logo and two buttons: "OK" and "Cancel".

---

## Backing up the sample database

Data that you enter while performing the exercises in this walkthrough will affect the sample database. Therefore, we recommend that you back up the sample database before you begin so that it is available for use in other Practice CS walkthroughs.

---

**Note:** If you are running Practice CS through Virtual Office CS,® the Backup menu command is not available. We recommend that you install Practice CS locally so that you can back up the sample database. For instructions on installing the program, please see chapter 2, Installation Instructions, in the [Practice CS Getting Started guide](#).

---

To back up the sample database, follow these steps.

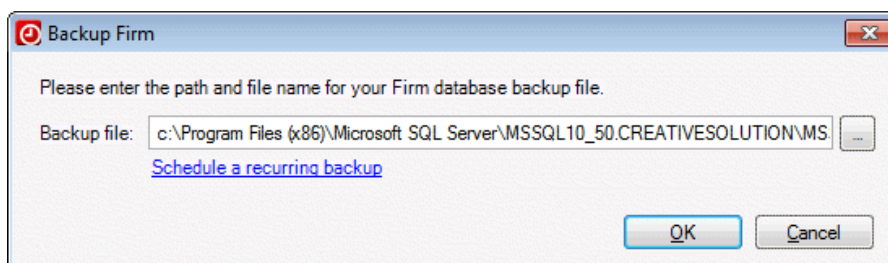

1. In Practice CS, choose File > Backup.

2. Click the  button next to the *Backup file* field and if necessary, navigate to the folder where you want to save the backup file. The backup file will have a file extension of BDF.

---

**Note:** The backup file is created on the computer where the data resides. The path specified here must be a valid path on that computer.

---

3. Click OK.
4. When prompted that the backup is complete, click OK.

---

**Note:** After you complete this walkthrough, you can restore the sample database. For instructions, see “Restoring the sample database” on page 78.

---

## Staff Management Overview

The Staff Management module of Practice CS provides numerous features to assist you in managing your firm's staff. **Target hours** enable you to set targets for each staff member's billable and total hours, which can be used to monitor staff performance. **Scheduling** features enable you to manage staff workloads by assigning work items according to predetermined qualifications and staff availability, and provide a work queue from which qualified staff members can choose items to work on. You can also use the Staff Management module to administer staff **benefits** such as holidays, vacations, and comp time.

For more information about using the screens, tabs, and dialogs described in this chapter, see the subsequent chapters of this walkthrough, or refer to the topic [Staff Management overview](#) in the Help & How-To Center.

---

### The Manage Staff screen

Staff members with sufficient security privileges can use the Manage Staff screen to monitor the firm's workflow, view staff availability, assign work items, view benefit balances, and assess how staff members are progressing toward their targets. The screen is comprised of five tabs: **Assignments**, **Schedules**, **Schedule Items**, **Benefit**, and **Targets**.

---

**Note:** For these tabs to display relevant information, you must first perform the setup tasks for the Staff Management module. See the "Setting Up Staff Management" chapter of this walkthrough, which begins on page 17.

---

- To open the Manage Staff screen, choose Actions > Manage Staff.

## Assignments tab

The Assignments tab is designed for managers to assign, order, and loosely schedule work for their staff. Depending on your workflow, your firm may need to use this tab for only some of these activities. It is important to identify first how your firm would like to schedule staff assignments, and then determine if using the Assignments tab is the best way to do it.

The Assignments tab can be useful when you want to do the following:

- See which schedule items are already assigned to staff members
- See a summary of assigned hours for each staff member and then drill down to see the actual schedule items
- Indicate in which order you want your staff to work on assigned schedule items
- Balance assignments across your staff
- See how many assigned hours each staff person has scheduled over a particular time frame

The screenshot shows the 'Manage Staff' window with the 'Assignments' tab selected. The window is divided into two main sections: 'Schedule Items' on the left and a staff assignment table on the right.

**Schedule Items Section:**

- Range of:** 1/1/2014 to 3/31/2014
- Open only:** ☒ **Unassigned:** ☐ **Unscheduled hours:** ☐
- Search:** [Search box]
- Navigation Pane:** A list of schedule items with expandable folders (e.g., Bing, Ted & Angela, ABC Partnership, Ace Advertising, Alpha Promotions).

**Staff Assignment Table:**

Staff ID	Staff	Assigned Hrs
MHR	Rogers, Melissa	226.50
SAM	Miller, Steve	76.00

## Schedules tab

The Schedules tab provides a way to schedule items from a staff-based view. This view provides a way to view and schedule work that has already been assigned, potential work, and urgent items for the selected staff.

Use the Schedules tab when you would like to:

- Schedule a staff member's assignments
- Find more work that a staff member is qualified for
- See urgent items for a specific staff member
- Avoid overscheduling staff
- Reschedule work from one staff member to another

The staff calendar or timeline shows any schedule items for the selected staff and time interval. The staff items pane shows schedule items, potential items, and items marked as urgent. The calendar options pane allows you to select which schedule items to display.

You can open a schedule item by double-clicking it.

The screenshot shows the 'Manage Staff' window with the 'Schedules' tab selected. The interface includes a 'Calendar Options' pane on the left, a central calendar grid, and a 'Turner, Cindy' details pane at the bottom.

**Calendar Options:**

- Calendar:** April 2014
- Displayed Items:**
  - ☐ Outlook® Appointments
  - ☐ Outlook® Tasks
  - ☒ Projects
  - ☒ Tasks
  - ☒ Meetings
  - ☒ To Do
  - ☒ Scheduled Phone Calls
  - ☒ Scheduled Benefits
  - ☒ CPE Courses

**Calendar Grid:** Shows available hours for the week of 4/21/2014 (Range: 4/20/2014 - 4/26/2014). The grid is color-coded by staff member: Turner, Cindy (orange) and Wilson, Jeff (green).

**Turner, Cindy Details:**

- Week of:** 4/21/2014
- Schedule Items:** Potential, Urgent (43)
- Open only:** ☒ **Unscheduled hours:** ☐
- Search:** [Search]

Client	Client Description	Description	Item Hrs	Scheduled Hrs	Unscheduled Hrs	Target Start	Target Complete
ACEADVER	Ace Advertising	Quarterly Sales & Use	2.50	0.00	2.50	4/16/2014	4/21/2014

			15.00	0.00	15.00		

For Help, press F1 | Current Login: CAT | Current Period: 4/1/2014 - 4/30/2014

## Schedule Items tab

The Schedule Items tab helps you to look for schedule items that are unassigned, not fully scheduled, or flagged as Urgent. You can then assign the items to staff based on their availability and qualifications. Hold your mouse pointer over a staff member's name for an Infotip that shows whether they are qualified to work on a selected item.

You can open schedule items on this tab by double-clicking them.

The screenshot displays the 'Manage Staff' application window. The 'Schedule Items' tab is active, showing a list of items to be scheduled. The 'Calendar Options' section on the left shows a calendar for March 2014. The 'Schedule Items' table lists items with columns for Client, Client Description, Description, Rem Hrs, Scheduled Hrs, Unscheduled Hrs, Target Start, and Target Complete. A tooltip is shown over the 'Turner, Cindy' staff member, indicating they are qualified for the selected item and providing their availability and target dates.

Client	Client Description	Description	Rem Hrs	Scheduled Hrs	Unscheduled Hrs	Target Start	Target Complete
BINGS	Bing, Sally	Individual Income Tax R	2.00	0.00	2.00	1/21/2014	10/15/2014
HANNA	Hanna, Jason	Individual Income Tax R	0.50	0.00	0.50	4/1/2014	4/15/2014
HANNA	Hanna, Jason	Review	0.25	0.00	0.25	4/9/2014	4/10/2014
HANNA	Hanna, Jason	Delivery	0.25	0.00	0.25	4/11/2014	4/15/2014
JONESRJ	Jones, Ron & Jenny	Individual Income Tax R	2.50	0.00	2.50	3/31/2014	4/14/2014
JONESRJ	Jones, Ron & Jenny	Preparation	2.00	0.00	2.00	3/31/2014	4/7/2014

**Staff Schedules**

Select Staff: Available hours are for the Range of 1/1/2014 - 4/30/2014

Interval: 1 Days

Turner, Cindy: 0.00  
Qualified for the selected item  
(Range: 1/1/2014 - 4/30/2014)  
Target: 0.00  
Scheduled: 0.00  
Available: 0.00

## Benefit tab

The Benefit tab enables you to view benefit balances for your staff. When you select an item in the top pane, details of the benefit's accrual and usage are displayed in the bottom pane.

The screenshot shows the 'Manage Staff' application window. The 'Benefit' tab is selected in the top navigation pane. The main table lists staff members and their benefit details. The bottom pane shows a detailed view for the selected benefit, 'CAT - Vacation Time'.

ID	Description	Benefit	Beginning Balance	Earned YTD	Used YTD	Balance YTD	Accrues	Allowance	Carryover Maximum	Remaining Accrual
MMR	Rogers, Melissa	Vacation Time	-8.00	60.00	0.00	52.00	Accrues on the last day of every month	10.00	0.00	60.00

6/30/2014	6/30/2014	Earned	10.00	60.00	60.00	

You can filter the list of staff and choose to view details for all entries, the current benefit year, or the benefit year to date.

## Targets tab

The Targets tab enables you to monitor your staff's progress toward the targets set for them. Select a staff member in the top pane to see target details in the bottom pane.

The screenshot shows the 'Manage Staff' application window. The 'Targets' tab is selected. The top pane displays a table of staff members with columns for ID, Description, Office, Department, Supervisor, and various target metrics. The bottom pane shows a detailed view for 'Turner, Cindy' with a table of daily targets and actuals from 4/2/2014 to 4/12/2014.

4/11/2014 Friday	8.00	0.00	5.60	0.00	0.00	0.00	1,260.00	0.00
4/12/2014 Saturday	0.00	0.00	0.00	0.00	0.00	0.00	0.00	0.00
<b>TOTAL</b>	<b>64.00</b>	<b>0.00</b>	<b>44.80</b>	<b>0.00</b>	<b>0.00</b>	<b>0.00</b>	<b>12,600.00</b>	<b>0.00</b>

You can choose a time period, filter the staff list, and limit the display to staff who are under their target work or billable hours. You can also control the level of detail displayed in the bottom pane.

## Other screens and portlets

### Firm Dashboard

The Firm Dashboard features two portlets with Staff Management-related information.

1. Click the Firm Dashboard button  in the toolbar.
2. In the Firm Dashboard, click the Staff Summary view.

### Staff Schedule Summary portlet

This portlet provides an overview of staff target work hours, assigned hours, and available hours.

Staff Schedule Summary (Period)

Period  To

Search

Staff /	Assigned Hours	Target Work Hours	Scheduled	Available
Administrator	0.00	0.00	0.00	0.00
Miller, Steve	21.00	0.00	0.00	0.00
Rogers, Melissa	55.50	0.00	0.00	0.00
Turner, Cindy	62.00	0.00	0.00	0.00
Wilson, Jeff	26.00	0.00	0.00	0.00
0	164.50	0.00	0.00	0.00

### Staff Targets portlet

This portlet provides a way to compare staff members' billable hours with their target hours.

Staff Targets (Period)							
Period	4/1/2014	To	4/30/2014				
Staff	Target Billable Hrs	Act Billable Hrs	Hrs Variance	Target Billable Amt	Act Billable Amt	Amt Variance	
Rogers, Melissa	123.20	3.50	-119.70	27,720.00	1,225.00	(26,495.00)	
Miller, Steve	123.20	0.00	-123.20	28,952.00	0.00	(28,952.00)	
Wilson, Jeff	123.20	3.50	-119.70	27,720.00	1,225.00	(26,495.00)	
Turner, Cindy	123.20	1.50	-121.70	27,720.00	75.00	(27,645.00)	
0	492.80	8.50	-484.30	112,112.00	2,525.00	(109,587.00)	

## Staff Dashboard

The Staff Dashboard features several portlets related to Staff Management.

- Click the Staff Dashboard button  in the toolbar.

### Benefits portlet

- In the Staff Dashboard, click the Benefits view.
- If necessary, right-click, choose Select Portlets, and then mark the *Benefits* checkbox.

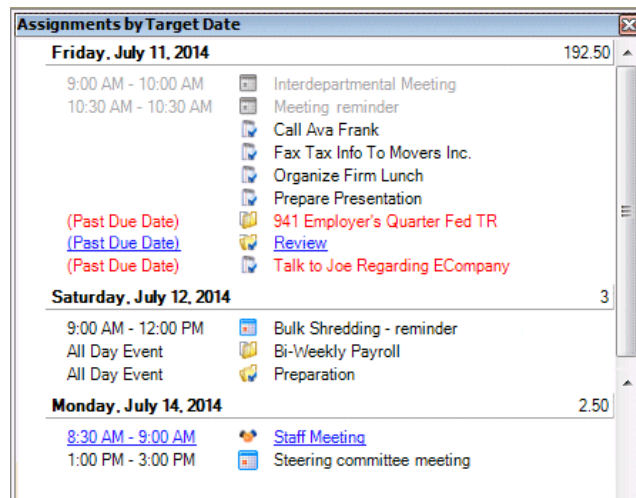

This portlet allows staff to view their benefit balances, including hours earned, used, and remaining.

Benefits							
Benefit	Beg Bal	Earned YTD	Used YTD	Balance	Remaining Accruals	To Use	Carryover Max
Vacation Time	0.00	60.00	0.00	60.00	60.00	120.00	0.00
	0.00	60.00	0.00	60.00	60.00	120.00	

### Assignments by Target Date portlet

- Click the Schedule tab.

The Assignments by Target Date portlet displays the current staff member's schedule in a day format, and includes work items.

**Note:** To change the number of days displayed in this portlet, right-click within the portlet and choose Options from the context menu.

### Scheduled Benefit Requests portlet

- Right-click, choose Select Portlets, and then mark the *Scheduled Benefit Requests* checkbox.

This portlet displays for supervisors any pending benefit requests submitted by staff for approval, and enables a supervisor to approve or deny requests.

Staff	Benefit	Start	End	Hours
Anderson, Justin	Vacation Time	4/23/2012 9:00	4/27/2012 5:00	40.00
Anderson, Justin	Vacation Time	12/10/2012 9:00	12/14/2012 5:00	40.00
Turner, Cindy	Vacation Time	3/23/2012 12:00	3/31/2012 12:00	48.00
Turner, Cindy	Vacation Time	11/19/2012 12:00	12/1/2012 12:00	64.00
Turner, Cindy	Vacation Time	5/2/2013 12:00	5/11/2013 12:00	56.00
Turner, Cindy	Vacation Time	8/25/2014 12:00	8/30/2014 12:00	40.00
Turner, Cindy	Vacation Time	5/5/2014 12:00	5/10/2014 12:00	40.00
Turner, Cindy	Vacation Time	6/23/2014 12:00	6/28/2014 12:00	40.00
Turner, Cindy	Vacation Time	11/12/2012 9:00	11/16/2012 5:00	40.00

### Schedule Items portlet

This portlet displays all of the schedule items assigned to the current staff member, and provides a button for assigning to the staff member the next available item from the work queue.

Type	Rank	Description	Assigned	Tracking/Status	Priority	Target Sta	Target Co	Client Description	Remaining Hours

### Time & Expense Entry screen

In the Time & Expense Entry screen, you can enter both comp time and CPE information during time entry.

#### Comp time

If your firm has activated the tracking of comp time, a  button appears on the Time & Expense Entry screen. The Comp Time button opens the Comp Time Detail dialog, where staff can make comp time entries.

**Note:** For information on activating comp time, see “Setting up comp time” on page 18.

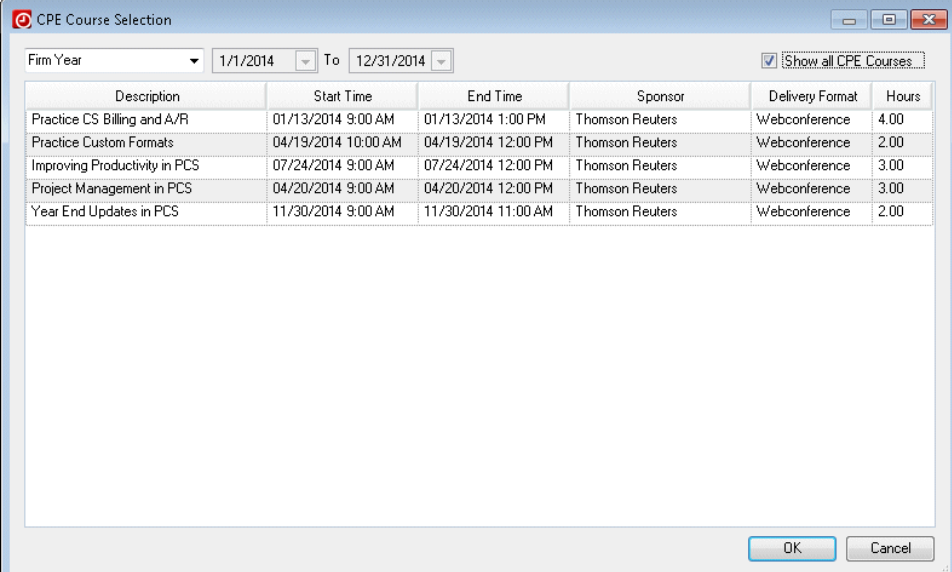

In the Comp Time Detail dialog, you can enter earned comp time as earned, used, or a manual adjustment.

Enter time as earned if you worked more than your allotted time for the day and want to add to your bank of comp time. Enter time as used if you worked less than

your allotted time for the day and want to use comp time to make up for the unworked hours. Use manual adjustments to record previously earned or used comp time.

### CPE

If you enter time using a CPE administrative activity, you can click the  button in the  column to add or select a CPE course using the CPE Course Selection dialog.

The CPE Course Selection dialog box shows a table of available courses for the year 2014. The table includes columns for Description, Start Time, End Time, Sponsor, Delivery Format, and Hours.

Description	Start Time	End Time	Sponsor	Delivery Format	Hours
Practice CS Billing and A/R	01/13/2014 9:00 AM	01/13/2014 1:00 PM	Thomson Reuters	Webconference	4.00
Practice Custom Formats	04/19/2014 10:00 AM	04/19/2014 12:00 PM	Thomson Reuters	Webconference	2.00
Improving Productivity in PCS	07/24/2014 9:00 AM	07/24/2014 12:00 PM	Thomson Reuters	Webconference	3.00
Project Management in PCS	04/20/2014 9:00 AM	04/20/2014 12:00 PM	Thomson Reuters	Webconference	3.00
Year End Updates in PCS	11/30/2014 9:00 AM	11/30/2014 11:00 AM	Thomson Reuters	Webconference	2.00

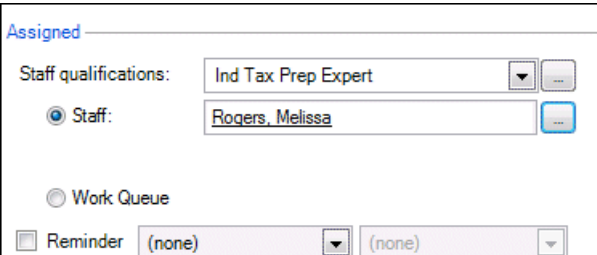

At the bottom of the dialog are OK and Cancel buttons.

### Manage Projects screen

If your firm is also licensed for the Project Management module, you can open projects or tasks from the Manage Projects screen and update assignments on projects and tasks according to staff qualifications.

- To open the Manage Projects screen, choose Actions > Manage Projects.

Double-click a project or task and use the fields and options in the Assigned section to update assignments.

The Assigned section of the Manage Projects screen shows the following fields and options:

- Staff qualifications:** A dropdown menu showing "Ind Tax Prep Expert" with a selection button.
- Staff:** A text field showing "Rogers, Melissa" with a selection button.
- Work Queue:** A radio button option.
- Reminder:** Two dropdown menus, both showing "(none)".

## Add button

The Add button on the main Practice CS toolbar provides access to various schedule items that are related to the Staff Management module, including scheduled benefits, scheduled phone calls, meetings, and to-do items. Click the down arrow on the right side of the button to open a drop-down menu of commands.

---

**Note:** The icon on the Add button reflects the last item that was added using the button. If you click the main part of the button instead of the down arrow, another instance of the previous item is added.

---

# Setting Up Staff Management

Before you can begin using the features of the Staff Management module, you must first perform several setup tasks to prepare Practice CS to track the relevant data. This chapter will familiarize you with these tasks.

---

## Setting up firm options

If you plan to use the Staff Management module to track staff benefits such as vacation and comp time, you should perform the following setup tasks.

### Defining the firm's benefit year

1. Choose Setup > Firm to open the Firm setup screen.
2. Click the Benefits tab.
3. If your firm tracks benefits over the course of a year that ends on a date other than December 31, enter the appropriate ending date in the field provided. Practice CS updates the beginning date accordingly. For this walkthrough, leave the default date.

---

**Note:** If the benefit year has concluded and your staff have entered all of their time for that year, you can click the Create New Year button to roll to the next year.

---

### Setting up holidays

1. Choose Setup > Firm and click the Benefits tab.

2. In the blank row at the bottom of the Holidays section, enter **Christmas Eve** in the *Description* field and **12/24** of the current year in the *Date* field.

**Firm**

Main | Contact Info | Preferences | Billing and A/R | Benefits | Terminology | Notifications

Benefit year

Current Benefit year, begins 1/1/2014 ends 12/31/2014 [Create New Year](#)

Holidays

Enter the holidays observed by your Firm.

Description	Date
New Year's Day	1/1/2014
Martin Luther Kin	1/20/2014
President's Day	2/17/2014
Memorial Day	5/26/2014
Independence Da	7/4/2014
Labor Day	9/1/2014
Thanksgiving Day	11/27/2014
Day after Thanks	11/28/2014
Day after Thanks	11/28/2014
Christmas Day	12/25/2014
Christmas Eve	12/24/2014
*	

3. Click Enter to save your changes.

## Setting up comp time

If your firm wants to track comp time in Practice CS, you must activate that benefit on the Firm setup screen.

1. Choose Setup > Firm and click the Benefits tab.
2. In the Comp time section, mark the *Activate* checkbox. The checkbox is already marked in the sample database.

**Comp time**

☒ Activate

Allowance factor: ☒ 1.00 hour(s) for every hour worked over expected hours.

☐ Based on time of year [...](#)

☒ Allow annual carryover

☒ Maximum allowed 80.00

3. For this exercise, you will change the comp time allowance to be based on the time of year. Click the *Based on time of year* option and then click the [...](#) button.

4. In the first row, change the values in the *To Month* and *To Day* fields to **April** and **15**, respectively.
5. In the *Allowance Factor* field, enter **1.50**. From January 1 to April 15, staff members will earn 1.50 hours of comp time for every hour worked over their expected hours.

From Month	From Day	To Month	To Day	Allowance Factor
January	1	April	15	1.50
April	16	December	31	1.00

6. Notice that Practice CS creates a new row to fill out the remainder of the year, using an allowance factor of 1.00. Click OK to save your changes and close the dialog.
7. If your firm allows comp time to carry over from one year to the next, mark the *Allow annual carryover* checkbox. For this walkthrough, leave the checkbox marked.
8. If your firm sets a maximum allowable carryover of comp time, mark the *Maximum allowed* checkbox and indicate the maximum number of comp time hours that can be carried over in the field provided. For this walkthrough, leave the default selection.
9. Click Enter to save your changes.

## Setting up accruable benefits

To track accruable benefits such as vacation and sick time in Practice CS, you must set up activities for your employees to use during time entry. To set up an accruable benefit activity, follow these steps.

1. Choose Setup > Activities to open the Activities setup screen.
2. Click the Add button.

- Enter information for the new activity to match the example below.

- Click the  button next to the *Administrative type* field.
- In the Accruable Benefit dialog, indicate that the benefit accrues annually on January 1.
- Click the *Fixed Hours* option and enter **16.00** for the hours.
- Unmark the *Allow annual carryover* checkbox, and click OK.

- Back on the Activities setup screen, choose **Administrative Time** in the *Category* field, and click Enter to save your changes.

## Setting up staff skill sets

Skill sets indicate your staff members' proficiency at the various tasks performed by your firm. You can use skill sets to assign work items to qualified staff, either directly or through the work queue. To set up skill sets, you must first define skill areas and skill ratings.

### Setting up skill areas

Define skill areas to identify the types of work your firm performs, such as Individual Tax, Corporate Tax, and so on. To set up skill areas, follow these steps.

1. Choose Setup > Staff Skill Areas.

**Note:** Several skill areas are already defined in the sample database.

2. Click the Add button to enter a new item.
3. In the *Description* field, enter **Business Tax Prep**.

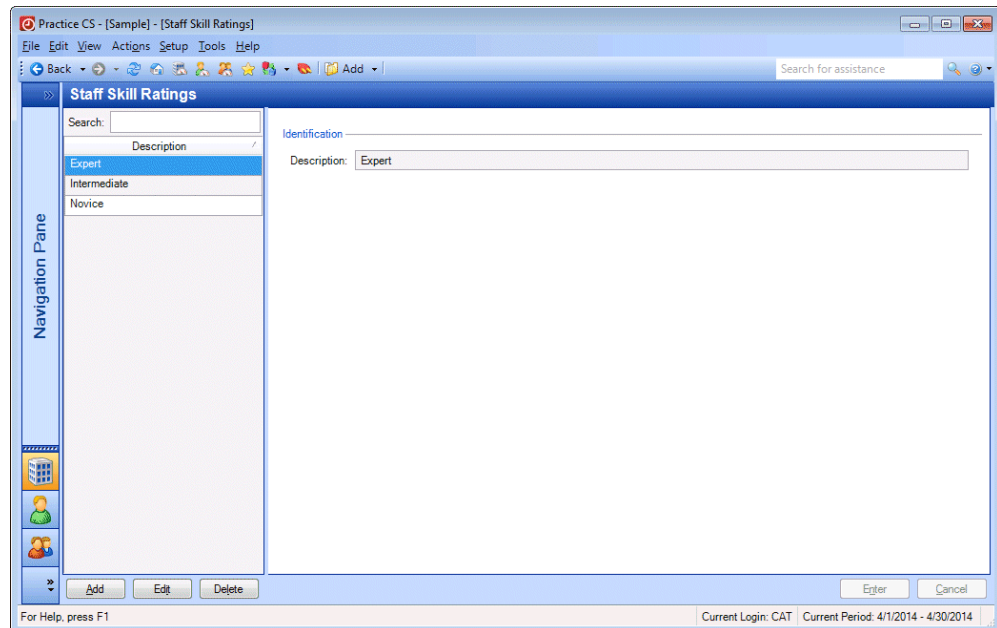

4. Click Enter to save the new skill area.
5. Repeat these steps to create a skill area named **Business Tax Review**.

### Setting up skill ratings

Define skill ratings to describe various levels of expertise that your staff possess for the work performed by your firm. Some examples are Novice, Average, and Expert. To set up skill ratings, follow these steps.

1. Choose Setup > Staff Skill Ratings.

The sample database already has the ratings we will need for this walkthrough. The process for adding new skill ratings is similar to the process for adding new skill areas.

## Setting up qualifications filters

Once skill sets have been entered for your staff, you can use them to create qualifications filters for use when assigning work items.

Qualifications filters are staff-based filters, and must be set up from a related screen, such as the Staff setup screen. You can also set them up while working on any screen or dialog where you choose qualifications for work items.

### Adding new filters

1. Choose Setup > Staff to open the Staff setup screen.
2. Click the  button to show the *Filter* field.
3. Click the  button next to the *Filter* field to add a new filter.
4. In the Staff Filters dialog, click the Add button.
5. In the *Filter Name* field, enter **Business Tax Prep Expert**.
6. In the top *Filter by* field, select **Skill Set**.
7. In the *Method* field, select **is**.

8. In the *Selected* field choose **Business Tax Prep Expert**.

**Note:** For filters that contain only one criterion, you can choose either of the options in the Logic section.

**Staff Filters\***

**Staff Filters**

**Logic**

☒ Must match all criteria

☐ Must match one or more criteria

9. Click Enter to save the new filter.
10. Click the Add button to add another filter, and enter **Business Tax Prep Intermediate** in the *Filter Name* field.
11. In the top *Filter by* field, select **Skill Set**.
12. In the *Method* field, choose **is in the list**.
13. Click the  button next to the *Selected* field.
14. In the Multiple Selection dialog, highlight **Business Tax Prep Expert** and then click the Select button.
15. Highlight **Business Tax Prep Intermediate** and click the Select button.

**Multiple Selection**

Search:

16. Click OK.
17. Click the **Must match one or more criteria** option.
18. Click Enter to save the new filter.
19. Click Done.

### Modifying existing filters

The existing Individual Tax filters need to be fixed so that all staff can work on novice-level tasks. Using the set of filters you just created as a model, fix the Ind Tax Prep filters and the Ind Tax Review filters.

1. For both Novice filters, add the Expert and Intermediate skill sets.
2. Click Done when you are finished modifying the individual tax filters.

---

## Setting up staff

To take full advantage of the features of the Staff Management module, you need to add staff management information to your firm's staff records in Practice CS. In this section, you will activate benefits for a staff member, then set up skill set information and target hours.

### Activating benefits

After you create accruable benefit activities for your firm to track, you must activate them for staff members.

1. If the Staff setup screen is not already open, choose Setup > Staff.
2. Select staff member JPW from the list of staff and click the Edit button.
3. Click the Benefits tab and mark all of the checkboxes in the Active column.
4. In the Effective Date column, change all dates to January 1 of the current year.
5. Click Enter to save your changes.

### Adjusting benefit balances

You may need to enter existing balances for staff benefits when you first implement the Staff Management module. You can do this during setup. For this exercise, you will adjust the vacation balance of staff member JPW.

1. With staff member JPW still selected on the setup screen, click the Edit button.
2. Click the  button at the end of the Vacation Time row.
3. In the Vacation Time Detail dialog, choose **Current Benefit Year** from the **View** drop-down list.
4. Place your cursor in the bottom row of the grid and choose **01/01** of the current year for both the *Sheet Date* and *Date* fields. This will backdate the adjusted vacation balance to January 1 to reflect vacation that was carried over from the previous year.

- Enter **24.00** in the *Hours* field.

Use this screen to enter manual adjustments or to adjust system calculated amounts. View: Current Benefit Year

Sheet Date	Date	Description	Hours	Balance	Comments
1/1/2014	1/1/2014	Beginning Balance	-48.00	-48.00	
1/31/2014	1/31/2014	Earned	10.00	-38.00	
2/28/2014	2/28/2014	Earned	10.00	-28.00	
3/31/2014	3/31/2014	Earned	10.00	-18.00	
4/30/2014	4/30/2014	Earned	10.00	-8.00	
5/31/2014	5/31/2014	Earned	10.00	2.00	
6/30/2014	6/30/2014	Earned	10.00	12.00	
7/31/2014	7/31/2014	Earned	10.00	22.00	
8/31/2014	8/31/2014	Earned	10.00	32.00	
9/30/2014	9/30/2014	Earned	10.00	42.00	
10/31/2014	10/31/2014	Earned	10.00	52.00	
11/30/2014	11/30/2014	Earned	10.00	62.00	
12/31/2014	12/31/2014	Earned	10.00	72.00	
* 1/1/2014	1/1/2014	Manual Adjustment	24.00	72.00	
* (none)	(none)				

OK Cancel

- Click OK.
- The adjusted amount will be reflected on the Staff setup screen. Click Enter to save your changes.

## Modifying benefits for multiple staff

Practice CS provides the ability to edit multiple staff records at once. You will now use this feature to activate the personal holiday benefit for other staff members.

- Click the **Edit multiple Staff** link at the bottom of the Staff setup screen.
- In the Edit Multiple Staff dialog, click the *Change Staff Benefits* option and then click Next.

3. Select staff members CAT, MHR, and SAM, and then click the Select button to move them to the right pane. (Press and hold the CTRL key to make multiple selections.)

Select the Staff you would like to change information for:

ID	Description
ADMIN	Administrator
JPW	Wilson, Jeff

ID	Description
CAT	Turner, Cindy
MHR	Rogers, Melissa
SAM	Miller, Steve

Buttons: Select >, Select All >>, < Remove, << Remove All, < Back, Next >, Finish, Cancel

4. Click Next.
5. Select Personal Holiday from the list and click the Select button. Then click Next.
6. Select **Active** in the field at the top of the Edit Staff Benefits dialog, and then mark the accompanying checkbox.
7. Click the  button to add a new row.
8. In the next row, select **Effective Date** in the first field and enter **January 1** of the current year in the second field, as in the following example.

Select the fields you would like to update and enter the values you would like to update them to.

Active ☒ Effective Date

Active	Effective Dat	Staff	Description	Description	Balance
<input checked="" type="checkbox"/>		CAT	Turner, Cindy	Personal Holiday	0.00
<input checked="" type="checkbox"/>		MHR	Rogers, Melissa	Personal Holiday	0.00
<input checked="" type="checkbox"/>		SAM	Miller, Steve	Personal Holiday	0.00

Buttons: < Back, Next >, Finish, Cancel

9. Click Finish, and then click Yes to confirm.

10. If you are prompted about changing the effective date, click Yes.

The personal holiday benefit is now activated for all staff members with an effective date of January 1.

## Adding skill sets to staff records

Once you have defined skill areas and ratings, you can define skill sets for your staff.

1. With staff member JPW selected on the Staff setup screen, click the Edit button.
2. Click the Skill Set tab.
3. In the first blank field in the Area column, select **Business Tax Prep** from the drop-down list.
4. In the Rating column, select **Expert** from the drop-down list.

Area	Rating
Audit	Intermediate
Review	Intermediate
Individual Tax Prep	Expert
Individual Tax Review	Intermediate
Business Tax Prep	Expert

5. Finish the staff skill set for JPW by entering the information from the following table.

Area	Rating
Business Tax Review	Expert
Payroll	Intermediate
Write-Up Services	Intermediate

**Tip:** You can type the first few letters of an area or rating to speed up data entry.

6. Click Enter to save your changes.

## Entering target hours

To compare actual staff hours to target hours, you first must enter target hours. Follow these steps to enter target hours for the staff members in the sample database.

1. With staff member JPW selected on the Staff setup screen, click the Edit button.
2. Click the Targets tab.

The Sample database already contains target hours for all staff members. Note that the targets have been entered for each week of the year. You can enter targets for any time period — days, weeks, months, quarters, and so on.

Main	Contact Info	Benefits	Skill Set	Rates	Targets	Custom Fields	Notes						
From	To	Sun	Mon	Tue	Wed	Thu	Fri	Sat	Wkly Wrk Hrs	Billable %	Billable Hrs	Rate	Billable Amt

3. For this exercise, click Cancel.

## Setting up schedule items

Once you have set up skill sets and qualifications filters, you can use the filters to assign work items to qualified staff members or to a work queue from which only qualified staff can select the items.

You can change the assignments for existing items, but you may also want to set qualifications for projects and tasks at the template level.

## Setting qualifications for templates

If you want to set default qualifications for future projects and tasks, you can set up the qualifications on project and task templates. When you set staff qualifications on a project or task, you filter the list of staff to show only those who are qualified to work on it.

**Note:** Projects and tasks are features of the separately licensed Project Management module of Practice CS.

You can also automatically assign staff to the project based on a work queue. When you mark the *Work queue* option, the project will be placed in a queue that appears in the Work Queue portlet of the Staff Dashboard only for those staff who meet the qualifications.

The screenshot shows a form titled "Assigned". It contains two dropdown menus: "Staff qualifications" and "Staff". Below these is a radio button labeled "Work queue" which is selected. There are also small buttons with three dots next to each dropdown menu.

### Adding qualifications to project templates

Follow these steps to add qualifications to project templates.

1. Choose Setup > Templates > Projects.
2. In the Project Templates screen, select 1040 from the list of templates and click the Edit button.
3. In the *Staff qualifications* field, select **Ind Tax Prep Intermediate** from the drop-down list.
4. Click the *Work queue* option.

This screenshot is similar to the previous one, but the "Staff qualifications" dropdown menu is now populated with the text "Ind Tax Prep Intermediate". The "Work queue" radio button remains selected.

### Adding qualifications to task templates

With the project template still open, follow these steps to add qualifications to task templates.

1. Click the Tasks tab.
2. Double-click the first task, Client Meetings & Discussions.
3. In the Task Template dialog, select **Ind Tax Prep Novice** from the drop-down list in the *Staff qualifications* field.
4. Click the *Work queue* option.
5. Click OK to save your changes to the task template.

6. Update the remaining tasks for the project with the information from the following table.

Task	Staff qualifications	Staff / Work queue
Information In/Scanning	Ind Tax Prep Novice	Work queue
Preparation	Ind Tax Prep Novice	Work queue
Review	Ind Tax Review Intermediate	Work queue
Clear Review Comments	Ind Tax Prep Novice	Work queue
Final Review	(leave blank)	Client Partner
Client Copy Packaging	Ind Tax Prep Novice	Work queue
E-File Authorization Received	(leave blank)	Client Associate
E-File Assembly	(leave blank)	Client Associate
E-File Transmitted	(leave blank)	Client Associate

Main	Tasks	Links	Custom Fields					
Order /	Description	Assigned	In Work Queue	Activity	Staff Qualifications	Trgt Comp M	Trgt Comp D	Tracking
1	Client Meetings & Discus		✓	Client Meeti	Ind Tax Prep Novice	0	0	Not Started
2	Information In/Scanning		✓	Information I	Ind Tax Prep Novice	0	1	Not Started
3	Preparation		✓	Preparation	Ind Tax Prep Novice	0	6	Not Started
4	Review		✓	Review	Ind Tax Review Intermediate	0	8	Not Started
5	Clear Review Comments		✓	Clear Review	Ind Tax Prep Novice	0	10	Not Started
6	Final Review	Client Partner		Final Review		0	11	Not Started

9	E-File Assembly	Client Associate		E-File Asse		0	14	Not Started
10	E-File Transmitted	Client Associate		E-File Trans		0	14	Not Started

7. Click Enter to save your changes to the project template.

In the future, all 1040 projects and selected tasks will be added to the work queue with the qualifications you have defined in this template. You can modify these assignments for specific projects or tasks as needed.

## Reassigning existing work items based on skill sets

You can change the assignment on an individual work item as needed, for both previously assigned items and items in the work queue.

**Note:** This exercise uses features of the separately licensed Project Management module.

### Reassigning projects

Follow these steps to reassign work to a qualified staff member.

1. Choose Actions > Manage Projects.
2. In the Manage Projects screen, double-click the 1120S project for client AAC.

- Select staff member JPW and click the Select button.
- Click OK to accept the change of assignment.

### Reassigning tasks

You can use the Edit Multiple feature in Practice CS to reassign multiple projects or tasks simultaneously. For this walkthrough, you will reassign multiple tasks in just a few steps.

1. With the Project dialog still open to the 1120S project for client AAS, click the Tasks tab.
2. Select all tasks. To do so, press CTRL+A, or select the first task, press SHIFT, and select the last task in the list.
3. Right-click and choose Edit Selected Tasks.
4. In the top row of the Edit Selected Tasks dialog, select **Staff qualifications** in the first field and **Business Tax Prep Intermediate** in the second field.
5. Click the  button to add another row.
6. In the second row, select **Staff Assignment Method** in the first field and **Work Queue** in the second field.

Select the fields you would like to update and enter the values you would like to update them to.

Staff qualifications	Business Tax Prep Intermediate
Staff Assignment Method	Work Queue

Project#	Order	Activity	Assigned Staff	Staff qualifications	Staff Assignment Method

7. Click OK to save your changes, and click Yes to confirm.

## Setting up custom fields for schedule items

If you want to track additional information for schedule items, you can set up custom fields to do so.

1. Choose Setup > Custom Fields, then choose the schedule item for which you want to create a custom field: Scheduled Phone Call, Scheduled Benefits, Meetings, To Dos, or CPE Courses.
2. In the Custom Fields setup screen for the schedule item you selected, enter the following information:
  - **Description** — The name of the field that will appear on the Custom Fields tab.
  - **Type** — The type of custom field. Options are Check Box, Date, List, Number, Staff List, or Text.
  - **Sort** — The order in which the field will appear on the Custom Fields tab. The field with sort value 1 will appear at the top of the tab.
  - **Length** — The number of characters allowed for a custom field of the Text type. Maximum length is 4000 characters.
  - **List Items** — For custom fields of the List type, the items that appear in the list. Click the  button to add list items.

## Tracking CPE requirements

The CPE components of the Practice CS Staff Management module allow your firm to track the number of credit hours each staff member has earned to fulfill CPE regulatory board requirements. You can enter information about CPE course providers, and keep track of information such as date, cost, credit hours, and attendees for specific CPE courses.

### Setting up CPE course sponsors

CPE course sponsors are entities that have registered with state boards or at the national level to offer CPE courses and comply with education standards. In this exercise, you will enter a sample CPE course provider.

1. From the Setup menu, choose CPE Course > Sponsors.
2. Click the Add button.
3. In the *ID* field, enter **ACCTPRO**. The ID can be up to 11 characters long.
4. In the *Description* field, enter **Prof Acctg Training Svcs, Inc.** The description can be up to 30 characters long.
5. Click Enter to save the information.
6. Repeat steps 2 through 5 to add the following CPE course sponsor.

### Notes

- To record time attending CPE courses, you must set up an activity using the administrative type CPE. The Sample database already has such an activity.
- If you also want to record incidental expenses specifically related to CPE courses, you must set up an expense activity using CPE as the administrative type.

## Setting up notifications

The Staff Management module provides several additional notifications. You can specify to whom these notifications should be sent, and choose to send notifications via email.

1. Choose Setup > Firm and click the Notifications tab.
2. Mark all checkboxes in the Monitored Event, Supervisor, and Assigned columns of the Staff Management section to match the following example.

Staff Management				
Monitored Event	Notify	Supervisor	Assigned	Notify by E-mail
<input checked="" type="checkbox"/> Benefit time was lost due to the carryover maximum	<input type="text"/>	<input checked="" type="checkbox"/>		<input type="checkbox"/>
<input checked="" type="checkbox"/> Benefit time was used	<input type="text"/>	<input checked="" type="checkbox"/>		<input type="checkbox"/>
<input checked="" type="checkbox"/> Comp time earned was entered	<input type="text"/>	<input checked="" type="checkbox"/>		<input type="checkbox"/>
<input checked="" type="checkbox"/> A Scheduled Benefit request was entered	<input type="text"/>	<input checked="" type="checkbox"/>		<input type="checkbox"/>
<input checked="" type="checkbox"/> Status changed on a Scheduled Benefit	<input type="text"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input checked="" type="checkbox"/> The Target Start Date on a Schedule Item changed	<input type="text"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input checked="" type="checkbox"/> The Target Complete Date on a Schedule Item changed	<input type="text"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<input checked="" type="checkbox"/> A Schedule Item has been completed	<input type="text"/>	<input checked="" type="checkbox"/>		<input type="checkbox"/>

3. Click Enter to save your changes. A notification will be sent to a staff member's supervisor for any occurrence of each monitored event.

## Setting up security options

You may want to restrict access to much of the information provided by the Staff Management module. If your firm uses the security features of Practice CS, you can easily control access to Staff Management information using security profiles.

### Enabling security

If you have not already enabled security for the sample database, follow these steps.

1. Choose Setup > Firm and click the Preferences tab.

2. Mark the *Enable Firm Security* checkbox.

The screenshot shows the 'Firm' setup window in Practice CS. The 'Security options' section is expanded, and the 'Enable Firm Security' checkbox is checked. Other options include 'Required for Time & Expense Entry', 'Required for Billing', 'Required for Receipt & Adjustment Entry', 'Integration options', 'Contact setup options', 'Client setup options', and 'Staff setup options'. The 'Default Phone Number Format' is set to '(###) ###-####'. The 'Default dashboard layouts for new Staff' section shows dropdown menus for Home, Firm, Staff, and Client dashboards, all set to 'Our [ ] Dashboard'. The 'Default User Preferences for new Staff' section has a button to open settings.

3. Click Enter, then click Yes to confirm.
4. Choose File > Open Firm.
5. Click OK in the login dialog.
6. Click OK again in the Change Password dialog to log in without creating a password.

The 'Change Password' dialog box contains the following text: 'This is the first time you have logged on to Practice CS or your password has been reset. Please enter a password for future logons.' Below this text are two input fields: 'New Password:' and 'Confirm New Password:'. At the bottom right are 'OK' and 'Cancel' buttons.

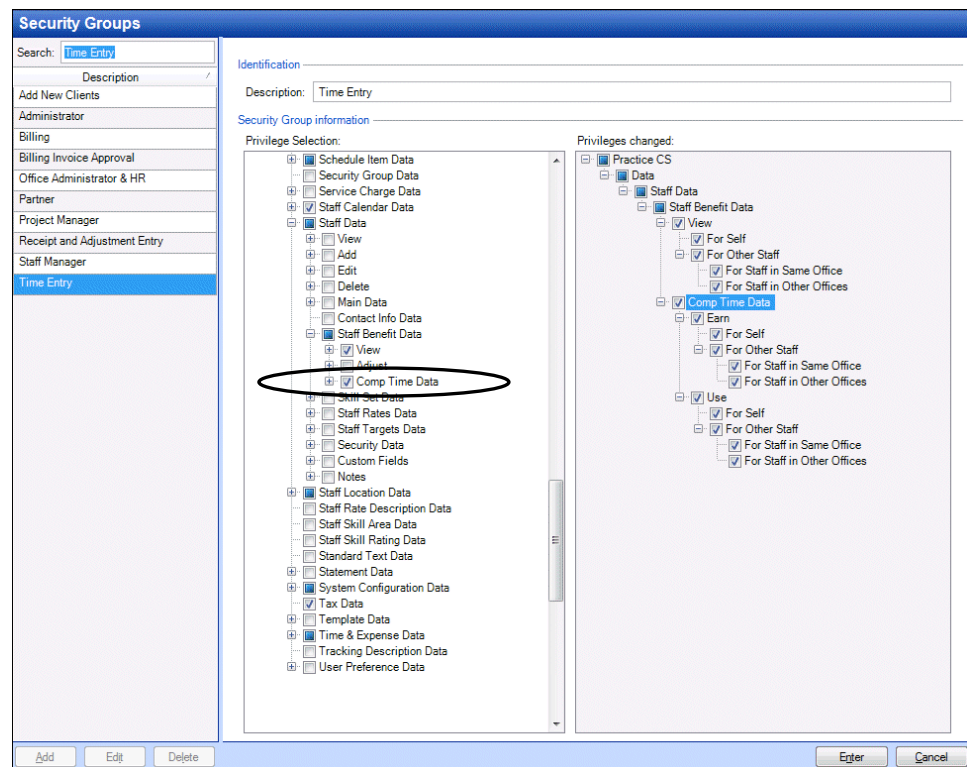

## Setting up security for Staff Management

Before implementing the Staff Management module, you should take some time to determine which staff members should have access to various features. For this walkthrough, you will explore the security options that affect Staff Management, and grant some rights to members of the sample database's Time Entry security group so they can see selected Staff Management information.

1. Choose Setup > Security Groups.
2. From the list of security groups, highlight Time Entry and click the Edit button.
3. Under Privilege Selection, expand the Practice CS, Menu, File Menu, Print Reports, and Staff Management items. Notice that you can control access to staff management reports on an individual basis.

4. Expand the View Menu item and note the *Staff Dashboard* checkbox. This grants timekeepers access to the Staff Dashboard, where they can use various portlets to view Staff Management information.
5. Expand the Actions Menu item. Notice the *Manage Staff* checkbox. Security groups with this checkbox marked have access to the Manage Staff screen. Do not mark this checkbox for the Time Entry group.
6. Expand the Setup Menu item. Notice that there are checkboxes for *Staff Skill Areas* and *Staff Skill Ratings*. Members of security groups with these privileges can add, modify, or delete skill areas and ratings. Do not mark any checkboxes for the Time Entry group.
7. Expand the Data, Staff Data, and Staff Benefit Data items. Mark the *Comp Time Data* checkbox. This enables members of the Time Entry security group to enter earned and used comp time transactions on the Time & Expense Entry screen. Note that the Privileges changed pane shows all of the items affected by this change.

8. Expand the View item under Staff Benefit Data and unmark the *For Other Staff* checkbox. This prevents members of this security group from viewing or editing benefit data for other staff members.
9. Under the Staff Data item, expand the Skill Set Data item. You can grant view and/or edit privileges for staff skill set data as needed. For this walkthrough, leave these checkboxes unmarked.
10. Under Data, expand Schedule Item Data, and then Staff Management Schedule Item Data. Notice that view, add, and edit privileges have been granted to the Time Entry group. This enables group members to add and edit schedule items such as meetings and scheduled phone calls.

11. You should have made only two changes — granting access to the Comp Time Data, then revoking View access to other staff members' Staff Benefit Data. Click Enter to save these changes.

---

**Note:** If your firm has multiple offices, the ability to view or modify some data for other offices may be restricted. For more information, please see the topic [More about security privileges](#) in the Practice CS help.

---

## Walkthrough Exercises

This chapter will walk you through the core functions of the Staff Management module, including using target hours to assess staff performance, scheduling work items according to qualifications and availability, and administering staff benefits.

---

### Setting the training date override

This walkthrough uses the sample database that is installed with Practice CS. This database contains data that is mostly relevant to the month of April 2014. In order for the scheduled dates in this chapter to be displayed as current, you can use the Training Date Override feature to temporarily override your computer's system date. The date you select is the date that Practice CS will use instead of your computer's system date to determine whether schedule items are due, past due, completed, and so on, in the following areas of Practice CS:

- Assignments, Schedules, and Schedule Items tabs of the Manage Staff screen
- Schedule Items portlet on the Staff Dashboard
- Scheduling dialog, available by clicking the Schedule button in the Project and Task dialogs
- Staff Schedule Summary report

---

**Note:** The training date override affects only the database you currently have open. If you are using Sample or another training database, the training date override will not affect your firm's database.

---

To set the training date override, follow these steps.

1. From the Tools menu, choose Set Training Date Override.
2. In the Training Date Override dialog, click the *Set training date override* option.
3. From the first drop-down list, select **4/1/2014** from the calendar. This will represent today's system date for the purposes of this exercise.

**Note:** This date will be in effect until you close the sample database. If you do close the database before completing this walkthrough, you will need to reset the training date override for the remainder of the exercises.

4. You can optionally select a time of day from the second drop-down list.
5. Click OK to save your changes.

## Assessing staff performance relative to target hours

To assess your staff members' progress against the targets that have been set for them, use the Targets tab of the Manage Staff screen.

1. Choose Actions > Manage Staff > Targets tab.

**Summary Table:**

ID	Description	Office	Department	Supervisor	Trgt Work Hrs	Trgt Billable Hrs	Trgt Billable Amt	Act Billable Hrs	Act Non-billable Hrs	Act Admin Hrs	Act Billable Amt

The Targets tab provides information about the performance of each of your staff members relative to the targets you set for them. You can view their target work hours, billable hours, and billable amounts, alongside their actual billable hours, nonbillable hours, administrative hours, and billable amounts.

You can change the scope of the data by changing the time period specified in the fields at the top of the tab.

**Manage Staff**

Assignments Schedules Schedule Items Benefit Targets

Period 4/1/2014 To 4/30/2014

Period  
Month  
Firm Quarter

Wilson, Jeff	123.20	3.50	-119.70	27,720.00	1,225.00	(26,495.00)
<b>Total</b>	<b>492.80</b>	<b>8.50</b>	<b>-484.30</b>	<b>112,112.00</b>	<b>2,525.00</b>	<b>(109,587.00)</b>

**Note:** You can change the date range for the information displayed in this portlet by right-clicking within the portlet and choosing Show Options from the context menu or by clicking the  button.

- Click the Staff Dashboard  button on the toolbar and then click the Overview view.

4. Right-click in the Time Recap portlet and choose Show Options from the context menu, or click the  button to display the options.
5. Verify that Period is selected in the first drop-down list.

The Time Recap portlet displays actual and target hours for the current staff member.

**Note:** The views on the sample database dashboards are specific to that database, though you can set up your own dashboards with similar views.

## Scheduling

The powerful scheduling features of the Staff Management module enable you to monitor staff workloads and availability, assign work items to available staff according to predefined qualifications, and maintain a work queue of items from which qualified staff can select items to work on. You can also maintain calendars for staff and clients.

### Adding schedule items

Along with projects and tasks, the Staff Management module can track scheduled phone calls, meetings, to-do items, and CPE courses.

#### Scheduling phone calls

A scheduled phone call is one that your firm plans to place in the future, preferably at a predetermined time. To add a scheduled phone call, follow these steps.

1. Click the arrow on the right side of the Add button on the main Practice CS toolbar, and choose the Scheduled Phone Call command.

2. In the Schedule Phone Call dialog, enter the following information. When prompted to remove entries that do not match qualifications, click Yes.

Field	Entry
Description	Consultation
With Contact	Wells, Peter
Of	AAC
Start	4/3/14 at 2:00 PM
Complete	4/3/14 at 2:30 PM
Staff qualifications	Business Tax Prep Intermediate
Staff	Wilson, Jeff

3. Mark the *Reminder* checkbox and use the drop-down list to set a reminder for 15 minutes before the call is to begin.

- In the *Notes* field, enter **Address Peter's questions**.

The screenshot shows a 'Scheduled Phone Call' dialog box with the following fields and values:

- Identification:** Description: Consultation
- With Contact:** Wells, Peter
- Of:** Advanced Advertising Consultan
- Scheduled Phone Call Information:** Priority: Normal, Status: Scheduled
- Dates:** Start: 4/3/2014 2:00 PM, Complete: 4/3/2014 2:30 PM
- Assigned:** Staff qualifications: Business Tax Prep Intermediate, Staff: Wilson, Jeff, Work Queue: (unchecked), Reminder: 15 minutes (checked)
- Notes:** Address Peter's questions

- Click OK to schedule the phone call.

### Scheduling meetings

With the Staff Management module, you can use Practice CS to schedule meetings, even without Microsoft® Outlook.® Scheduled meetings are added to calendars in Practice CS and generate reminders for attendees, if selected. To schedule a meeting, follow these steps.

- Click the arrow on the right side of the Add button on the Practice CS toolbar and choose Meeting.
- In the Meeting dialog, enter the following information.

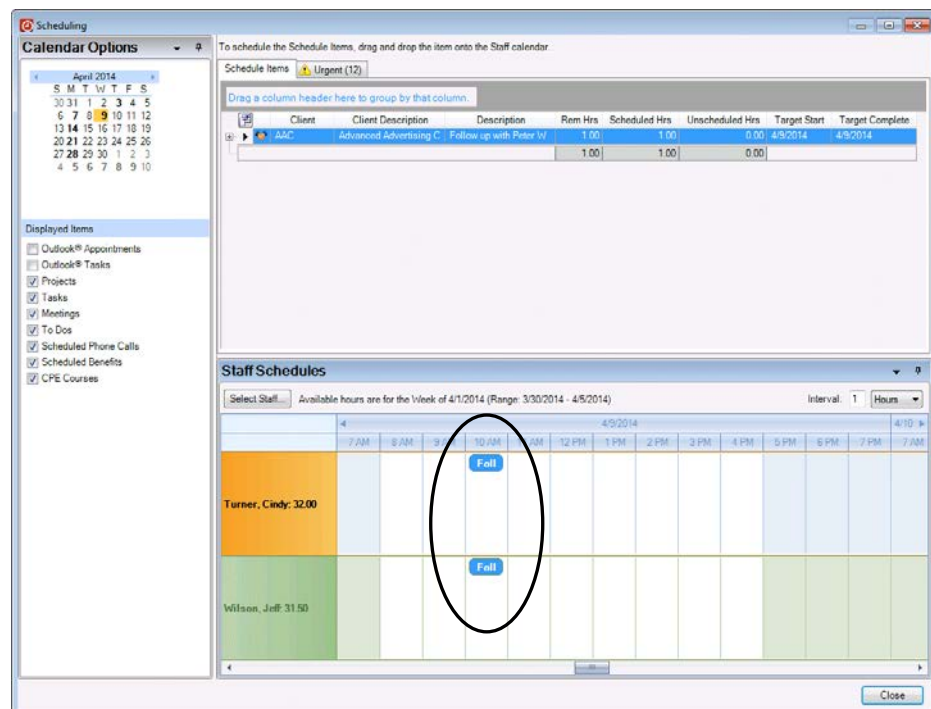

Field	Entry
Description	Follow up with Peter Wells
Client	AAC
Engagement	BUSINESSTAX
Activity	CLIENTMEET
Start	4/9/14 at 10:00 AM
End	4/9/14 at 11:00 AM

3. Add staff member JPW to the meeting by clicking the  button next to the *Staff* field, selecting **JPW** from the list of staff, clicking the Select button, and clicking OK.

4. Mark the *Reminder* checkbox and use the drop-down list to set a reminder for 30 minutes before the meeting is to begin.
5. In the *Notes* field, enter **Present Peter with our findings**.
6. Click the *Schedule* button to view the schedules of the attendees. Notice that the meeting has been added to the schedule for the staff members who are to attend.

7. Click the Close button in the Scheduling dialog.
8. Click OK in the Meeting dialog to schedule the meeting.

---

**Note:** To make the meeting recurring, click the  button in the Meeting setup dialog and set up the recurrence frequency and dates in the Recurrence dialog. See the topic [Setting up recurring schedule items](#) in the Practice CS Help & How-To Center for details.

---

### Scheduling to-do items

You can add miscellaneous work items as to-do items, which can be scheduled and assigned to staff (or the work queue) based on staff qualifications. To add a to-do item, follow these steps.

1. Click the arrow on the right side of the Add button on the Practice CS toolbar and choose To Do.
2. In the To Do dialog, enter the following information.

Field	Entry
Description	Research tax law changes
Client	AAC
Engagement	BUSINESSTAX
Activity	RESEARCHBIL
Priority	High
Start	4/11/14
Complete	4/11/14
Hours	2.00

3. In the *Staff qualifications* field, select **Business Tax Prep Intermediate** from the drop-down list.
4. Click the *Work queue* option. If you are prompted to remove an entry that does not match the qualifications, click Yes.
5. Mark the *Reminder* checkbox and use the drop-down lists to schedule a reminder for 9:00 a.m.

---

**Note:** To make the To Do item recurring, click the  button in the To Do setup dialog and set up the recurrence frequency and dates in the Recurrence dialog. See the topic [Setting up recurring schedule items](#) in the Practice CS for details.

---

- In the *Notes* field, enter **Look into Peter's questions about tax law changes. See John for info.**

The screenshot shows the 'To Do' window with the following data entered:

- Identification:** Description: Research tax law changes; Client: Advanced Advertising Consultan; Engagement: Business Tax Services; Activity: Research Billable.
- Dates:** Start: 4/11/2014; Complete: 4/11/2014; Hours: 2.00.
- To Do information:** Priority: High; Tracking: Not Started.
- Assigned:** Staff qualifications: Business Tax Prep Intermediate; Staff: (empty); Work Queue: (selected).
- Notes:** Look into Peter's questions about tax law changes. See John for info.

- Click OK to schedule the to-do item.

### Entering CPE courses

In this example, you will schedule a CPE course for staff member CAT to attend.

- Click the arrow on the right side of the Add button on the Practice CS toolbar and choose CPE Course.
- Enter the following information.

Field	Entry
Description	Taxation
Sponsor	Thomson Reuters
Delivery Format	Online (Self-Study)
Start time	4/14/2014 (skip the time of day field)
End time	4/14/2014 (skip the time of day field)
All day event	Mark this checkbox
Accountancy	Michigan
Category	Other
Type	Self-Study
Credits	40
Cost per attendee	239.00
Staff	Cindy Turner

The screenshot shows the 'CPE Course\*' window with the following details:

- Identification:** Description: Taxation; Sponsor: Thomson Reuters; Delivery Format: Online (Self-Study).
- Dates / Time:** Start time: 4/14/2014 12:00 AM; End time: 4/14/2014 11:59 PM; Hours: 8.00; ☒ All day event.
- Credit:** A table with columns: Accountancy, Category, Type, Credits.
 

Accountancy	Category	Type	Credits
Michigan	Other	Self-Study	40.00
* (selected)			0.00
- CPE Course Information:** Location: ; Instructor: ; Cost per attendee: 239.00.
- Assigned:** Staff: Turner, Cindy; ☐ Reminder; 0 minutes.
- Notes:** (Empty text area)
- Buttons:** Schedule..., OK, Cancel.

- Click OK.

## Maintaining your firm's work queue

The Staff Management module enables you to maintain a *work queue* for your firm, which is a list of unassigned work items that your staff can take on when they have time. Staff members can view work queue items using the Work Queue portlet on the Staff Dashboard.

If you enter staff qualifications for an item in the work queue, only staff members who meet those qualifications can view and select the item from their Work Queue portlets. Items without qualifications can be viewed and selected by all staff members.

### Adding items to the work queue

Items that can be added to work queues include projects, tasks, scheduled phone calls, and to-do items. You already added a few items to the work queue earlier in this walkthrough.

To assign an item to the work queue, use the following procedure. Although this exercise uses a scheduled phone call, the same procedure works for all eligible work items, including projects, tasks, and to-do items.

- Click the arrow on the right side of the Add button on the main toolbar and choose the Scheduled Phone Call command.
- Enter the following information:

Field	Entry
Description	Client follow-up
With Contact	Hanna, Jason
Of	HANNA
Start	4/10/14 at 10:00 AM

Field	Entry
Complete	4/10/14 at 10:30 AM
Staff qualifications	Ind Tax Review Intermediate

If you are prompted to remove an entry that does not match qualifications, click Yes.

- Click the *Work queue* option.
- In the *Notes* field, enter **Standard follow-up call**.

- Click OK.

The scheduled phone call is added to the work queue and can be selected by any staff member who meets the qualifications you specified.

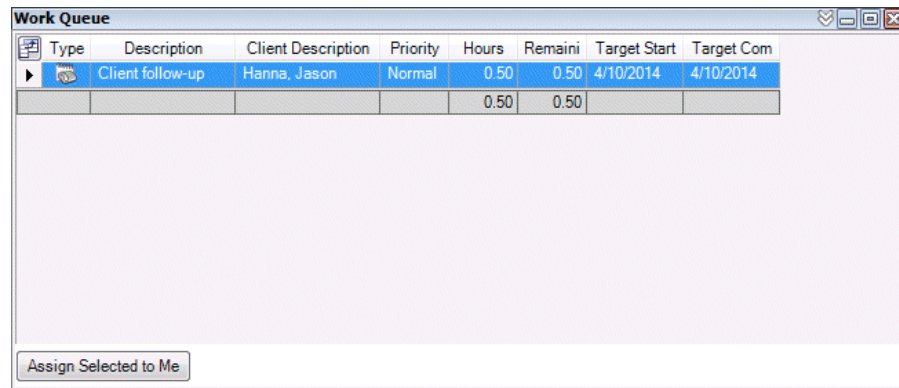

### Selecting a specific item from the work queue

Staff members can select from the work queue any item for which they are qualified. To select a work queue item, follow these steps.

- Click the Staff Dashboard button  on the toolbar.
- Click the Schedule view.

**Note:** The views on the sample database dashboards are specific to that database, though you can set up your own dashboards with similar views.

- In the Work Queue portlet, select the scheduled phone call you just created and click the Assign Selected to Me button.

The work item has now been assigned to Cindy Turner and no longer appears in the Work Queue portlet.

### Selecting the next item from the work queue

Staff members can also select the next available item in the work queue using the Schedule Items portlet on the Staff Dashboard.

- In the Schedule Items portlet, click the Assign Next in Work Queue button.

Type	Rank	Description	Assigned	Tracking/Status	Priority	Target Sta	Target Co	Client Description	Remaining Hours

Phone		Preparation	Turner, Cindy	Not Started	Normal	4/16/2014	4/17/2014	Brown, Jerald & Elizab	3.00

Assign Next in Work Queue

Practice CS assigns the next available work item for which the staff member is qualified.

## Viewing and configuring calendars

The Staff Management module provides calendars you can use to view schedules for staff and clients. The staff calendar can display projects, tasks, meetings, to-do items, scheduled phone calls, and scheduled benefits. You can double-click items displayed on calendars to open them.

If your firm uses Microsoft Outlook with an Exchange server, and your staff has sufficient security privileges, you can also view shared Outlook appointments and tasks for other staff.

### Viewing and configuring the staff calendar

To view and configure the staff calendar, follow these steps.

- Choose View > Staff Calendar.

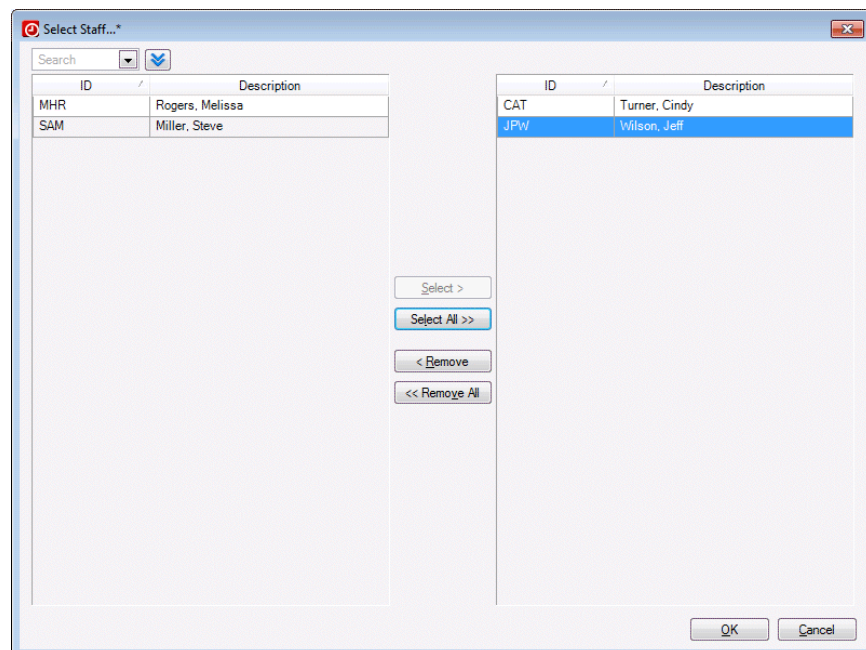

- Using the calendar at the top of the Calendar Options pane, click the arrow to go to April 2014, and click **April 14**.

- In the Displayed Items section, mark the following checkboxes, as shown.

- Click the Work Week button  in the toolbar to display the calendar for Monday through Friday.
- Click the Select Staff button.
- In the Select Staff dialog, select Jeff Wilson.

- Click OK. Notice that the staff calendars are color coded and appear side by side.

---

**Note:** Tasks and calendar items from Microsoft Outlook can be viewed by other staff members if those items are set up as shared in Outlook. Practice CS pulls information from the calendar associated with the email address entered on the Staff setup screen.

---

### Viewing and configuring the client calendar

To view and configure the client calendar, follow these steps.

1. Choose View > Client Calendar.
2. Using the calendar at the top of the screen, select **April 6**.
3. From the drop-down list at the top of the screen, select client **AAC**.
4. In the Displayed Items section, mark all checkboxes.

5. Click the Month button on the toolbar to display a full month.

### Using the Manage Staff screen to monitor schedules

The Manage Staff screen is a valuable tool for partners and senior staff to evaluate the progress of the firm's work items and balance staff workloads as necessary.

- To open the Manage Staff screen, choose Actions > Manage Staff.

#### Using the Assignments tab

The Assignments tab is designed for managers to assign, order, and loosely schedule work for their staff. This tab can be useful when you want to do the following:

- See which schedule items are already assigned to staff members
- See a summary of assigned hours for each staff member and then drill down to see the actual schedule items
- Indicate in which order you want your staff to work on assigned schedule items
- Balance assignments across your staff
- See how many scheduled hours each staff person has over a particular time frame

Depending on your workflow, your firm may need to use this tab for only some of these activities.

1. In the Manage Staff screen, click the Assignments tab.
2. In the Schedule Items subtab, click the top left button and select **Period of**.

3. Select **4/30/2014** from the second drop-down list.
4. If necessary, mark the *Open only* checkbox.
5. The Schedule Items pane shows all schedule items for the date range you select. From this list, you can drag and drop items from the Schedule Items pane onto a staff member in the staff pane to assign the item to that staff member. You can also right-click an item in the list and choose Assign To.

The Schedule Items and Urgent subtabs list all of the schedule items within your selected date range and other criteria. By default, the selected date is today's date until you change it.

**Note:** The Urgent subtab appears only if you have enabled it in User Preferences. To enable the Urgent subtab, choose Setup > User Preferences > Scheduling tab, or click the  button next to Urgent User Preferences on the Urgent tab, and mark the checkboxes for any reasons why a schedule item should be flagged as urgent. See the topic [Setting up user preferences for scheduling](#) in the Practice CS Help & How-To Center for more information on defining schedule items as urgent.

6. Click the Select Staff button.
7. In the Select Staff dialog, click the Select All button.

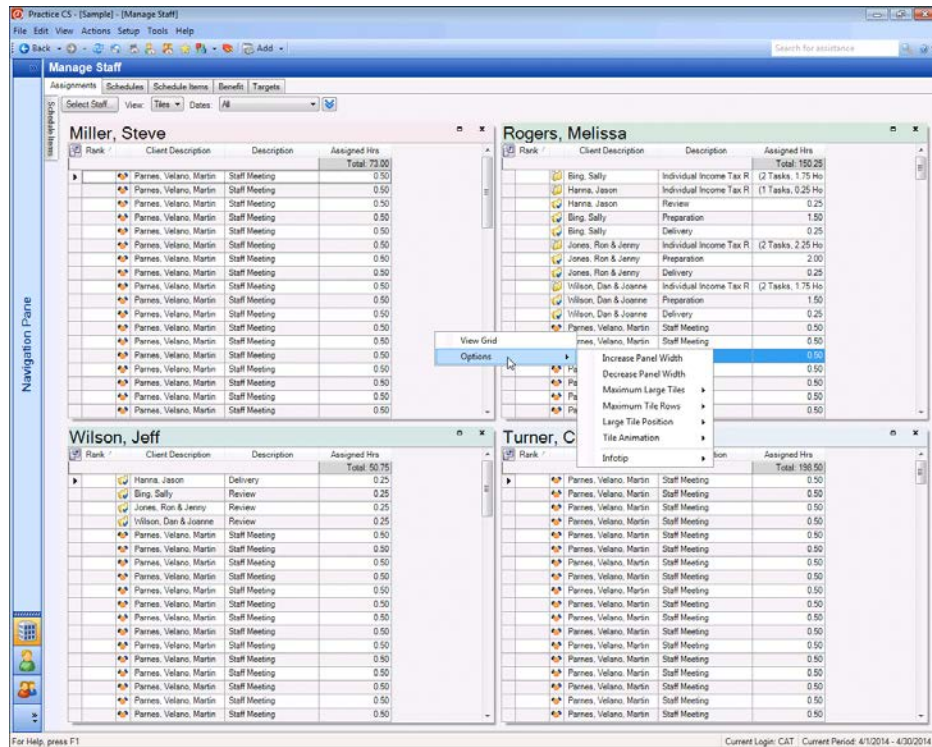

8. Click OK.
9. The staff section of the Assignments tab shows selected staff members and their current assignments. You can choose to see all current staff assignments regardless of date range, or limit the assignments to target date range or scheduled date range.

Select Staff...	View: Grid	Dates: All	
Drag a column header here to group by that column.			
	Staff ID	Staff	Assigned Hrs
	MHR	Rogers, Melissa	150.25
	SAM	Miller, Steve	73.00
	JPW	Wilson, Jeff	50.75
	CAT	Turner, Cindy	198.50

10. You can also view staff assignments in either Tiles or Grid mode. Click the down arrow on the View button and select Tiles from the drop-down list.

11. In Tiles mode, you can right-click, choose Options, and change the width, number, and position of tiles to arrange the screen to best suit your needs.

12. Right-click a schedule item in a grid and use the context menu to rank the item for the order in which the staff member should complete it. You can also use the context menu to assign, schedule, or delete the item.

Once an item is ranked, you can also click and drag other schedule items above or below it in the list to rank them higher or lower.

**Turner, Cindy**

Rank	Client Description	Description	Assigned Hrs
			Total: 198.50

See the topic [Assignments tab overview](#) in the Practice CS Help & How-To Center for more information.

## Using the Schedules tab

Use the Schedules tab to view staff schedules and assign items to staff members based on their qualifications and availability. Here you can find more potential work items for staff, identify urgent items for selected staff members, and reschedule work from one staff member to another.

1. Click the Schedules tab.
2. In the toolbar, click the Timeline button.
3. Click the Select Staff button and select staff CAT (Cindy Turner) and JPW (Jeff Wilson).
4. In the timeline, click Jeff Wilson to display his schedule items, potential work items, and urgent items in the lower pane.

- If necessary, select **Week of** and the date of **4/6/14** in the lower pane, and then click the Potential tab.

- Double-click the to-do item for client AAC in the grid. You can make changes to the item, including assigning it to a staff member or the work queue. For this exercise, click Cancel

### Notes

- You can drag and drop an item onto the calendar to schedule the item for a specific day and time when you are in Day or Timeline view.
- Drag and drop an item onto the calendar to loosely schedule the item when you are in Work Week, Week, or Month view.

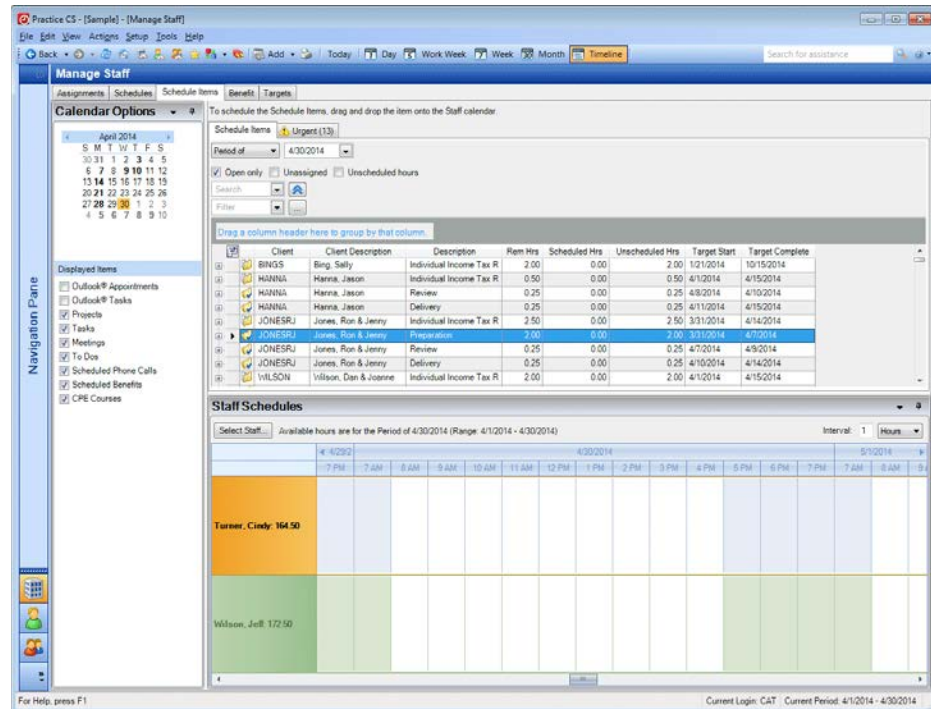

### Using the Schedule Items tab

Use the Schedule Items tab to look for schedule items that are unassigned, not fully scheduled, or flagged as Urgent. You can also schedule items for staff based on their availability and qualifications.

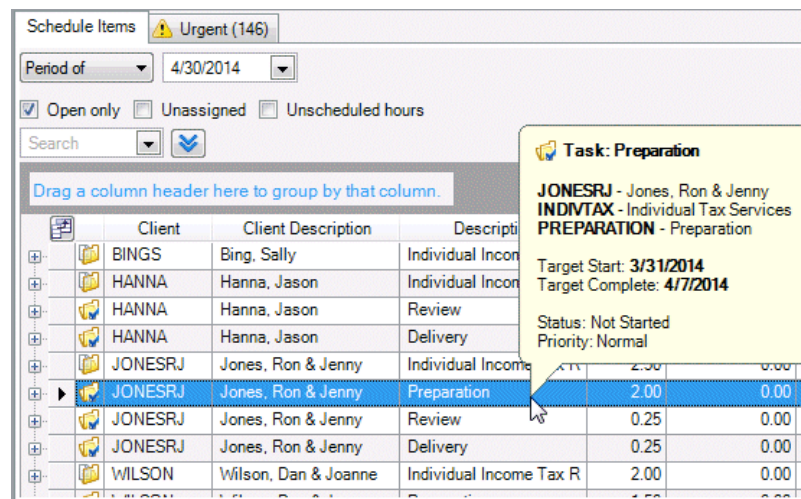

- Click the Schedule Items tab.
- In the Schedule Items subtab, select **Period of** for the date range, and **4/30/2014** for the period end date.
- In the Staff Schedules pane, click the Select Staff button and select Jeff Wilson (along with Cindy Turner, who should already be selected), then click OK.

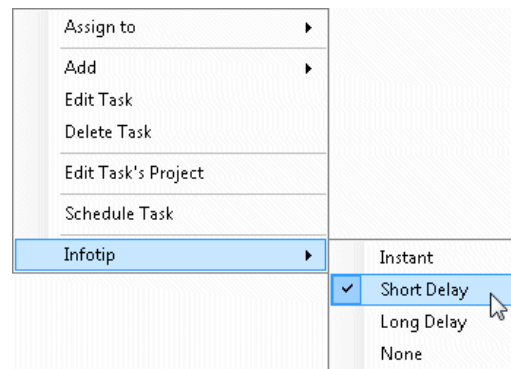

4. Locate the **Preparation** task for client JONESRJ in the Schedule Items grid, and select that item.

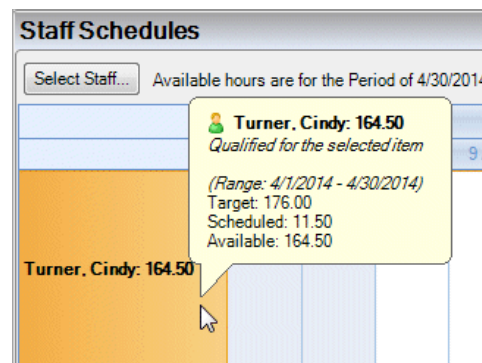

5. If you hold your mouse pointer over the item, an Infotip is displayed showing information about that item.

**Note:** You may have to turn on the Infotip by right-clicking and choosing Infotip and a delay option.

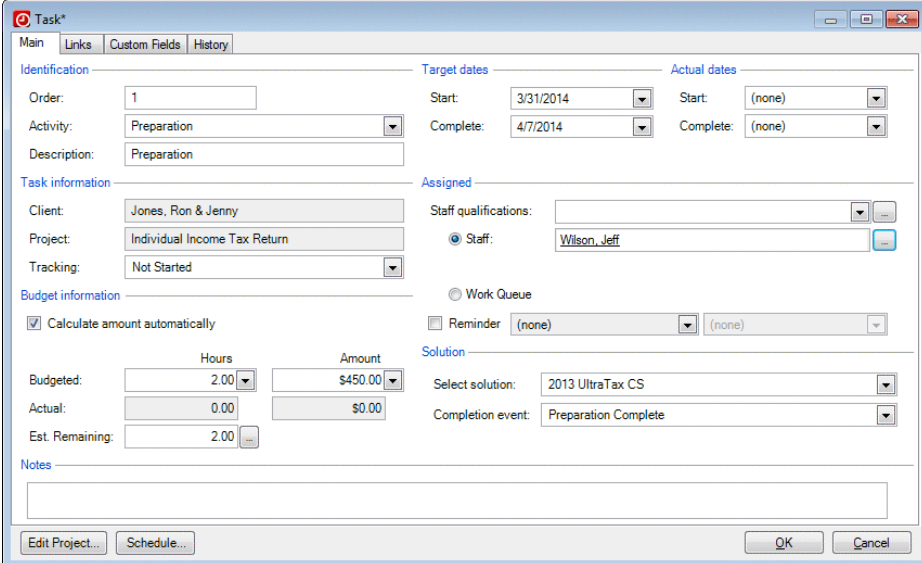

6. If you hold your mouse pointer over the staff description in the timeline, the Infotip shows whether the staff member is qualified to work on the selected schedule item.

7. Double-click the selected task to open it.
8. In the Assigned section, click the *Staff* option.

9. Click the  button next to the *Staff* field, use the Assigned Staff dialog to assign the task to staff member JPW, and click OK.

The screenshot shows the 'Task\*' dialog box with the following details:

- Identification:** Order: 1, Activity: Preparation, Description: Preparation.
- Target dates:** Start: 3/31/2014, Complete: 4/7/2014.
- Actual dates:** Start: (none), Complete: (none).
- Task information:** Client: Jones, Ron & Jenny, Project: Individual Income Tax Return, Tracking: Not Started.
- Budget information:** ☒ Calculate amount automatically. Budgeted: 2.00 Hours, \$450.00 Amount. Actual: 0.00 Hours, \$0.00 Amount. Est. Remaining: 2.00 Hours.
- Assigned:** Staff qualifications: (empty), Staff: Wilson, Jeff (selected).
- Work Queue:** ☐ Work Queue.
- Reminder:** ☐ Reminder (none).
- Solution:** Select solution: 2013 UltraTax CS, Completion event: Preparation Complete.
- Notes:** (empty text area).
- Buttons:** Edit Project..., Schedule..., OK, Cancel.

10. Click OK to save your changes. The task is now assigned to Jeff Wilson.

**Note:** You can use the *Open only* and *Unassigned only* checkboxes in this tab to narrow the list of items.

As with the Schedules tab, you can drag and drop an item in the Schedule Items tab onto the calendar to schedule it for a specific day and time when you are in Day or Timeline view, or to loosely schedule it when you are in Work Week, Week, or Month view.

## Staff benefits

Staff members can view their benefit balances and submit scheduled benefit requests using the Staff Management module.

Supervisors can make balance adjustments as needed and approve or deny benefit requests.

## Viewing benefit balances

Staff members who have security privileges for the Benefits portlet on the Staff Dashboard can view their benefit balances.

1. Click the Staff Dashboard button  on the toolbar.
2. Click the Benefits view and review the information displayed in the Benefits portlet.

Benefits							
Benefit	Beg Bal	Earned YTD	Used YTD	Balance	Remaining Accruals	To Use	Carryover Max
Comp Time	0.00	0.00	0.00	0.00	0.00	0.00	80.00
Vacation Time	0.00	60.00	0.00	60.00	60.00	120.00	0.00
Personal Holiday	0.00	16.00	0.00	16.00	0.00	16.00	0.00
	0.00	76.00	0.00	76.00	60.00	136.00	

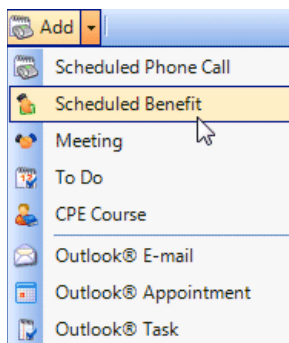

This portlet provides information on benefit beginning balances, earned and used amounts, current balances, remaining accrual amounts, maximum carryover amounts, and amounts that need to be used to bring balances down to the carryover maximum.

**Note:** The sample database includes the Benefits portlet on a Staff Management view, but your own dashboard may be customized differently. To add the Benefits portlet to your Staff Dashboard, click the Select Portlets link, mark the checkbox for the Benefits portlet, and click OK.

## Submitting scheduled benefit requests

Staff members with sufficient security privileges can submit scheduled benefit requests in Practice CS, which can then be approved by their supervisors.

1. Click the down arrow on the right side of the Add button on the toolbar and choose Scheduled Benefit.

2. In the Scheduled Benefit dialog, choose **Personal Holiday** from the drop-down list in the *Accruable Benefit* field.
3. For the start date, enter **4/18/14**. Skip the accompanying time field.

4. Mark the *All day event* checkbox.
5. In the *Staff* field, select Wilson, Jeff.

6. Click OK when finished. This submits the request to the staff member's supervisor.

In the next exercise, you will approve the request, but first you need to log in again to Practice CS as the staff member's supervisor, Steve Miller (SAM).

7. Choose File > Open Firm, enter **SAM** in the *Staff ID* field, and click OK.
8. Click OK on the Change Password dialog to leave the password blank for staff SAM.

**Note:** Because you have closed and reopened the Sample training database, you need to reset the training date to 4/1/2014 (Tools > Set Training Date Override) to complete the exercises in the rest of this chapter. See "Setting the training date override" on page 39 for details on setting the training date override.

## Approving or denying scheduled benefit requests

When a staff member submits a benefit request, it appears in the supervisor's Schedule Benefit Requests portlet on the Staff Dashboard. The supervisor may also receive a notification, if selected on the Notifications tab of the Firm setup screen.

Follow these steps to approve the scheduled benefit request you just entered.

1. Click the Staff Dashboard button  on the toolbar.
2. Click the Benefits view.
3. Click the **Select Portlets** link and mark the *Scheduled Benefit Requests* checkbox.

4. Click OK.

If necessary, click and drag the edges of the portlet on the dashboard until you can see all the columns.

5. Click the 4/18/14 Personal Holiday item for Jeff Wilson that appears in the Scheduled Benefit Requests portlet.

Staff Dashboard

Scheduled Benefit Requests

Staff	Benefit	Start	End	Hours
Miller, Steve	Vacation Time	5/7/2012 9:00 A	5/11/2012 5:00	40.00
Miller, Steve	Vacation Time	5/14/2012 9:00	5/18/2012 5:00	40.00
Miller, Steve	Vacation Time	6/4/2012 12:00	6/16/2012 12:00	80.00
Miller, Steve	Vacation Time	11/5/2012 12:00	11/17/2012 12:0	80.00
Miller, Steve	Vacation Time	7/22/2013 12:00	8/3/2013 12:00	80.00
Miller, Steve	Vacation Time	5/12/2014 12:00	5/24/2014 12:00	80.00
Miller, Steve	Vacation Time	6/9/2014 12:00	6/14/2014 12:00	40.00
Miller, Steve	Vacation Time	7/21/2014 12:00	7/26/2014 12:00	40.00
Wilson, Jeff	Personal Holiday	4/18/2014 12:00	4/19/2014 12:00	8.00
Wilson, Jeff	Vacation Time	5/2/2014 12:00	5/24/2014 12:00	80.00
Wilson, Jeff	Vacation Time	5/6/2013 12:00	5/18/2013 12:00	80.00
Wilson, Jeff	Vacation Time	4/17/2012 12:00	5/9/2012 12:00	128.00
Wilson, Jeff	Vacation Time	11/19/2012 9:00	11/21/2012 5:00	24.00
Wilson, Jeff	Vacation Time	12/17/2012 9:00	12/21/2012 5:00	40.00

- In the Scheduled Benefit dialog, select **Approved** from the drop-down list in the *Status* field.

- Click OK to approve the request. You will receive a notification that the request has been approved.

## Entering comp time

Staff members with sufficient security privileges can enter comp time. In this exercise, you will enter comp time for Jeff Wilson in the Time & Expense Entry screen.

- Choose Actions > Time & Expense Entry.
- In the *Staff* field at the top of the Entry tab, select staff member **JPW**.
- In the *Sheet date* field, select **4/1/2014**.
- Click the Comp Time button in the upper-right corner.
- In the Comp Time Detail dialog, place your cursor in the bottom row and enter **4/1/2014** in the Sheet Date and Date columns.
- Select **Earned** in the Description column.

7. Enter **2.0** in the Hours column.

Notice that the Earned column shows 3.0 hours even though you entered 2.0 in the Hours column. This is because of the allowance factors you entered in the “Setting up comp time” section of this walkthrough.

Sheet Date	Date	Description	Hours	Earned	Balance	Comments
1/1/2014	1/1/2014	Beginning Balance	0.00	0.00	.00	
* 4/1/2014	4/1/2014	Earned	2.00	3.00	3.00	
* (none)	(none)					

8. Click OK. You will receive a notification that comp time was entered for Jeff Wilson.

9. Choose Actions > Manage Staff and click the Benefit tab.

10. Select the Comp Time item for Jeff Wilson. You can see the details of the transaction you just entered in the bottom pane.

The screenshot shows the 'Manage Staff' window with the following data:

ID	Description	Benefit	Beginning Balance	Earned YTD	Used YTD	Balance YTD	Accrues	Allowance	Carryover Maximum	Remaining Accrual
MHR	Rogers, Melissa	Vacation Time	-8.00	60.00	0.00	52.00	Accrues on the last day of every month	10.00	0.00	60.00

			-8.00	323.00	0.00	323.00		104.00		240.00

Bottom Pane: Benefit: JPHV - Comp Time

Sheet Date	Date	Description	Hours	Earned	Balance	Comments
1/1/2014	1/1/2014	Beginning Balance	0.00	0.00	0.00	
4/1/2014	4/1/2014	Earned	2.00	3.00	3.00	

## Making adjustments to benefit balances

If you need to make adjustments to benefit balances, you can do so using the steps found in "Adjusting benefit balances" on page 24.

## Entering CPE courses in Time & Expense Entry

Time spent attending CPE courses can be recorded on the Time & Expense Entry screen using the CPE administrative activity that you set up earlier.

1. Choose Actions > Time & Expense Entry.
2. In the *Staff* field, select Cindy Turner.
3. Select **4/15/14** in the *Sheet date* field.
4. In the first row, select **PVM** in the *Client* field.
5. Select the **ADMIN** engagement.
6. In the *Activity* field, select **CPE**.
7. Click the button under the CPE icon to open the CPE Course Selection dialog.

**Note:** You can modify your user preferences to have this dialog open automatically. Choose Setup > User Preferences > Time & Expense Entry tab and mark the *Auto display CPE Course Selection* checkbox.

8. In the CPE Course Selection dialog, select the **Taxation** class and click OK.

The screenshot shows the 'CPE Course Selection' dialog box. At the top, there are date pickers for 'Period' (4/1/2014) and 'To' (4/30/2014), and a checkbox for 'Show all CPE Courses'. Below this is a table with the following data:

Description	Start Time	End Time	Sponsor	Delivery Format	Hours
Taxation	4/14/2014 12:00 AM	4/15/2014 12:00 AM	Thomson Reuters	Online (Self-Study)	8.00

At the bottom right of the dialog are 'OK' and 'Cancel' buttons.

9. On the Time & Expense Entry screen, enter **8.00** in the *Hours* field.

### Notes

- Time entries using a CPE activity will appear on the CPE Course Cost Analysis report as Staff Cost.
- To enter incidental expenses incurred while attending a CPE course, you must have an expense activity set up using the CPE administrative type. Expense entries using the CPE activity will appear on the CPE Course Cost Analysis report as Expenses.

# Reporting

The Staff Management module features reports that provide information about schedule items, staff benefits, staff targets, comp time, and CPE courses.

---

## Calendar Listing report

The Calendar Listing report shows schedule item information by scheduled date / time. The report date range is based on scheduled dates (week, month, period, 6 months, 12 months, custom, and so on). The detail line is based on scheduled start or end date.

1. Choose File > Print Reports to open the Print Reports screen.
2. Scroll down the list of reports to the Staff Management section, highlight the Calendar Listing report, and click the Select button.
3. On the Selection tab, select **Period End Date** in the *Report date* field and **Period** in the *Detail line* field.
4. On the Layout tab, select **Staff** in the first *Group by* field.

- Click the Preview Selected button to view the report.

- Click the Back button to return to the Print Reports screen.
- Click the Remove button to remove the report from the Selected Reports list.

## CPE Course Cost Analysis report

The CPE Course Cost Analysis report analyzes the cost per credit for a CPE course. When a CPE course is associated with a time or expense entry, the staff cost and/or the expense cost are also factored into this analysis.

- In the Staff Management section, highlight the CPE Course Cost Analysis report and click the Select button.
- Leaving the default Selection and Layout settings, click the Preview Selected button. The report shows the Taxation class you entered for Cindy Turner, including the base cost of the course and the staff cost (8 hours at her cost rate).

<i>Parnes, Velano, Martinez &amp; Co.</i>							
CPE Course Cost Analysis							
April 1, 2014 - April 30, 2014							
Date Based on: Target Complete							
Description	Assigned Attendee	Delivery Format	Credits	Course Cost	Expenses	Staff Cost	Cost Per Credit
Taxation	Turner, Cindy	Online (Self-Study)	40.00	239.00	0.00	560.00	799.00
Report Totals			40.00	239.00	0.00	560.00	799.00

- Click the Back button to return to the Print Reports screen.

- Click the Remove button to remove the report from the Selected Reports list.

## CPE Course Credit Listing report

The CPE Course Credit Listing report shows CPE courses and the staff who attended for date range you select. Course information includes description, sponsor, format, location, target complete date, and number of credits.

- In the Staff Management section, highlight the CPE Course Credit Listing report and click the Select button.
- Leaving the default Selection and Layout settings, click the Preview Selected button. The report shows the CPE course you entered for Cindy Turner (see “Entering CPE courses” on page 47).

*Parnes, Velano, Martinez & Co.*

### CPE Course Credit Listing April 1, 2014 - April 30, 2014 Date Based on: Target Complete

Description	Assigned Attendee	Accountancy	Sponsor	Delivery Format	Location	Target Complete	Credits

- Click the Back button to return to the Print Reports screen.
- Click the Remove button to remove the report from the Selected Reports list.

## Schedule Item Detail report

This report is similar to the Schedule Item Listing report but includes columns for Remaining Hours, Scheduled Hours, and Unscheduled Hours. You can mark the Include *Calendar Entry Detail* checkbox on the Layout tab for a subreport that shows all the open calendar entries for each schedule item.

- In the Staff Management section, highlight the Schedule Item Detail report and click the Select button.
- On the Selection tab, select **Period End Date** in the *Report date* field and **Period** in the *Detail line* field.
- On the Layout tab, select **Assigned Staff List** in the first *Group by* field.

## 4. Click the Preview Selected button.

## 6. Click the Remove button to remove the report from the Selected Reports list.

## Staff Assigned Summary report

The Staff Assigned Summary report shows staff target work hours, assigned hours, remaining hours, and work load for the specified date range. You can also mark the Include Schedule Item Detail checkbox on the Layout tab to see the priority, status, and start and complete dates, for each schedule item that makes up the assigned hours for the staff member.

**Note:** This report was formerly named the Staff Schedule Summary report. A different report now bears that name.

1. In the Staff Management section, highlight the Staff Assigned Summary report and click the Select button.
2. On the Selection tab, select **Period End Date** in the *Report date* field and **Period** in the *Detail line* field.
3. On the Layout tab, verify that the *Include Schedule Item Detail* checkbox is marked.

- Click the Preview Selected button to view the report.

## Staff Benefits Summary report

The Staff Benefit Summary report displays active benefit balances for staff — beginning balance, earned, used, and current balance. If you mark the Include Benefits Detail checkbox in the Layout tab, you can include the earned and used history for each benefit.

- With the Print Reports screen open, double-click the Staff Benefits Summary report to move it to the Selected Reports list.
- On the Selection tab, select **Period End Date** in the *Report date* field and **Year-to-date** in the *Detail line* field.

- Click the Preview Selected button to view the report.

## Staff Capacity Analysis report

The Staff Capacity Analysis report provides a way to see staff availability (target hours - scheduled hours) for up to 18 periods at a time. Use this report to see how many hours are available for a specific staff member, office, or for the firm. Available hours can be grouped by day, week, month, or period, and by several staff- and firm-level options.

- In the Staff Management section, highlight the Staff Capacity Analysis report and click the Select button.
- On the Selection tab, make the following selections:

Field	Selection
Report date	Period End Date
Detail line	9 Months
Columns by	Month

- On the Layout tab, select **Staff** in the *Detail by* field.

- Click the Preview Selected button to view the report.

<i>Parnes, Velano, Martinez &amp; Co.</i>

## Staff Schedule Summary report

The Staff Schedule Summary report shows staff target work hours, scheduled hours, available hours, and work load for the specified date range. You can also mark the *Include Calendar Entry Detail* checkbox on the Layout tab to see the type, priority, status, and start and end dates for each schedule item that makes up the assigned hours for the staff member.

**Note:** The report that previously bore this name is now called the Staff Assigned Summary report.

- In the Staff Management section, double-click the Staff Schedule Summary report.
- On the Selection tab, select **Period End Date** in the *Report Date* field and **3 Months** in the *Detail line* field.
- Click the Layout tab and verify that the *Include Calendar Entry Detail* checkbox is marked.
- Click the Preview Selected button.

- Click the Back button to close the preview and click the Remove button to remove the report from the Selected Reports list.

## Timesheet Exception report

The Timesheet Exception report enables you to verify that your staff are meeting their target hours. This report displays comp time information in addition to billable, nonbillable, and administrative hours.

- With the Print Reports screen open, double-click the Timesheet Exception report to move it to the Selected Reports list.

**Note:** This report is listed under Production in the list of reports.

- On the Selection tab, select **Period End Date** in the *Report date* field and **Period-to-date** in the *Detail line* field.
- On the Layout tab, mark the *Include Staff with hours less than their target work hours* checkbox.

- Click the Preview Selected button to view the report.

Report Totals		8.50	0.00	8.00	16.50	-2.00	14.50

- Click the Back button to close the preview.

## Restoring the sample database

After you have completed this walkthrough, you should restore the sample database that you backed up (see “Backing up the sample database” on page 2). Use the restored sample database to complete other Practice CS walkthroughs.

- From the File menu, choose Restore.
- In the Restore dialog, enter the path to the backup file that you want to restore, or click the  button to navigate to the backup location (typically **X:**:\Program Files\Microsoft SQL Server\MSSQL\$CREATIVESOLUTION\Data, where **X:** is the drive on the computer where the data resides).
- In the Restore File Location dialog, click the backup file that you want to restore and click OK.
- In the Restore dialog, enter a new name for the database in the *New Firm name* field.

**Note:** When you restore the sample database, you must give it a different name. The restore process in Practice CS does not overwrite an existing database, and Practice CS does not allow firm databases with duplicate names. Therefore, you will need to give the database a different name when you restore it (for example, **Sample1**). The name may contain only alphanumeric characters.
